LANSING COMMUNITY COLLEGE / ACADEMIC SENATE

Adjunct Advisory Committee Update

Thank you for joining us on October 30! Your ideas are shaping our work to support adjunct faculty this fall and next spring.

Our first meeting

We reviewed our purpose and membership and discussed building an accurate roster. Spring follow-up topics included evening access and safety, adjunct communication, a shared D2L space, professional development, and onboarding. Members also raised questions about office hours, room reservations, and payroll and timecard visibility.

Priorities for fall 2026 and spring 2027

The top three priorities from our input survey are:

83.3% Creating a New Adjunct Guidebook

83.3% Making professional development more accessible for adjuncts

66.7% Creating a shared adjunct space for communication and resources
