TOTAL	58 -59	See Note 2	59

NOTE:

1. Student must complete CHDV 220 and STAT 170 or MATH 130 to waive or receive credit for FCE 321 and 321L. STAT 170 or MATH 130 is NOT required for the Child Development Associate Degree.
2. MSU policy - The maximum number of credits from a two-year institution which may be accepted for transfer is 60 semester credits.
3. See MSU General Education Requirements, <http://www.lcc.edu/transfer/guides/current;11190.html> for additional information.
4. See Michigan Transfer Network, <http://www.michigantransfernet.org/default.asp> and/or <http://transfer.msu.edu> for transfer course equivalencies.
5. The MSU Office of Admissions website is the "front door" for information regarding Transfer Admissions, with links to transfer admission criteria, integrative studies requirements, transfer admission deadlines, and the searchable Transfer MSU database – <http://admissions.msu.edu/admission/transfer.asp>.
6. The MSU Office of Admissions website, http://admissions.msu.edu/admission/transfer_limitedenrollment.asp, contains information regarding additional admission requirements for MSU limited enrollment majors.
7. Students are advised to meet with a LCC CHDV program advisor, or Joy Jacobs, MSU Family and Child Ecology Department (jacobsj@msu.edu) for additional transfer information.
8. Students should choose a biology class that transfers to MSU and is on the MACRAO guide. See the MSU transfer list (<http://transfer.msu.edu>) and MACRAO guide (http://www.lcc.edu/transfer/macrao_agreement.aspx).

Revised 4/8/09 JH/MR

Students are encouraged to review the MSU websites listed above and compare the MSU course requirements with LCC course equivalents. This information sheet is prepared by LCC and is not an official document of MSU, nor does it guarantee admission to MSU or acceptance to the specific program. While every attempt is made to present the most accurate and up-to-date course information, course equivalencies and requirements can change at any time. Information provided is for incoming transfer students. Current MSU students must consult an MSU academic advisor as MSU guidelines and restrictions may affect the transferability of credit.
