CURRICULUM GUIDE

Child Development
Associate in Arts Degree

Curriculum Code: 1253 (Effective Fall 2005 – Summer 2010)

This degree program prepares individuals to work in child care as a teacher, teacher assistant, or program director. The curriculum is aligned with the standards issued by the National Association for the Education of Young Children and the Council for Professional Recognition (CDA). Students learn to plan and implement high quality, developmentally appropriate programs for all ages of children, infants through school-age, in both centers and family child care homes. Graduates of the associate degree program meet the educational requirements for child care center program directors as specified by the State of Michigan Child Day Care Center Licensing Regulations. The program involves several semesters of daytime field work in child care settings.

Students completing this curriculum will also satisfy the MACRAO Transfer Agreement between two-year and four-year institutions in Michigan. General education and subject area requirements vary from one college or university to another. Students should contact the school to which they will transfer for specific institution requirements.

PREREQUISITES
