Financial Aid Maximum Timeframe Appeal

Attempted 150% of the credits
 required to complete your degree

Use this form to request reconsideration of your eligibility for financial aid if you have attempted 150% of the number of credits required for your program.

Name: _____ **Student Number:** _____

Students who have attempted 150 percent of the credit hours required for their program of study at Lansing Community College are not considered to be making satisfactory academic progress and are no longer eligible for financial assistance beyond the maximum time frame. Transfer students will not be awarded financial aid beyond 150 percent of the credit hours required for their program of study, including credits transferred into the College which meet program requirements.

Exceptions to Maximum Eligibility time frame: Since many programs of study require substantially more than the minimum number of credit hours for a general associate degree, financial aid applicants will be reviewed on an individual basis if and when they approach 150 percent of their program, including any transfer credits. Students who have had to complete prerequisites, developmental, or English as a second language (ESL) course work as a part of their regular academic program requirements may be eligible to have some of these credits excluded in the measurement of the 150 percent maximum time frame.
