Renaissance Dental Extend for Lansing Community College

Keep your smile healthy with dental benefits from Renaissance Dental

Your smile is an indicator of your health. Without a healthy mouth, it's difficult to smile, chew and enjoy your favorite foods, even talk and laugh. And without keeping your oral health in check, it can lead to further health complications. The same plaque that can build up on your teeth can also build up on your heart!

Having an insurance policy from Renaissance Dental not only helps you get the regular care you need to stay healthy, it also gives you financial protection from unexpected, and often expensive, problems.

Protect yourself against potential losses

Routine dental cleanings and exams are expensive enough. Root canals and crowns can cost as much as \$1,000 each and periodontal procedures may run as much as \$1,000 per quadrant. Renaissance Dental coverage can help reduce your out-of-pocket costs.

Manage your health better with regular dental check-ups

Did you know that your dentist can detect up to 120 different diseases, including diabetes and heart disease? Early detection of certain diseases, like diabetes, has proven to be one of the best ways to prevent further complications. In addition, regular preventive dental care can lower your blood sugar levels actually helping you manage your overall health, as well as health care costs.*

Easy access to dentists, easy to use benefits

Renaissance Dental provides access to more than 114,000 dental locations throughout the country. And your benefits are easy to use. Participating dental offices will complete and file claims for you, so there is no paperwork for you and you don't have to wait to get reimbursed when visiting participating providers.

Sensational plans. Sensible pricing.

Renaissance Dental benefits are affordably priced. For more information about costs and details of coverage, including exclusions and limitations, visit www.RenSmile.com/LCC or call **(888) 791-5995**.
