

LIBRARY RESEARCH DATABASE SOURCES

To cite a source from a library research database, use the format for citing a print source and add the following information about when and where you found the source:

- name of database
- date of access
- database service
- database service URL
- name of library

To find the database service URL click on the Databases link from the library homepage. Then click on the DB Service & URL link.

Journal article: continuous pagination

MLA Handbook 5.9.4a

The page numbers in one issue begin where the previous issue left off, so you do not need to include the issue number.
