

LANSING COMMUNITY COLLEGE
West Campus

at a Glance

Locating LCC's new West Campus

The new Lansing Community College West Campus learning complex will house more than 30 programs currently a part of the Technical Careers Division and the Public Service Careers Department. It will contain the Michigan Technical Education Center (M-TEC®) as well as the Business and Community Institute, an entity at LCC providing outcomes-based corporate training solutions for business, industry, government and nonprofit agencies.

The 262,000 square foot facility is located at 5708 Cornerstone Drive just north of Mount Hope Highway between Creyts Road and Snow Road in Delta Township and visible from I-496. From the freeway, take I-496 to the Creyts Road South Exit. Turn left onto Mount Hope. The facility is approximately 1/2 of mile east of Creyts Road and Mount Hope intersection. The \$43.8 million West Campus expansion is funded by the Michigan Economic Development Corporation, public support through the approval of LCC's 2001 millage proposal, and many business and community partners.
