II. Scope
When circumstances within the property governed by Lansing Community College indicate that the occurrence or threat of occurrence of widespread or severe damage, injury or loss of life or property exists, the President, or designees, may declare a College state of emergency. Such a declaration shall be forwarded to the Chief Executive Official of the local government entity where the emergency or disaster occurs, and promptly filed with the Department of State Police, Emergency Management Division. This declaration shall not be continued or renewed for a period in excess of 7 days except with the consent of the Board of Trustees, except as otherwise provided by declaration of emergency by the Governor under PA 390 of 1976, as amended.

If the President, or designees, invokes such power and authority, the President shall, as soon as reasonably expedient, convene the Board of Trustees for one or more emergency meetings in accordance with the open meetings act to perform its normal governing duties as the situation demands, and will report to that body relative to the emergency. Nothing in this policy shall be construed as abridging or curtailing the powers of the Board of Trustees unless specifically provided herein.

III. General

The College Emergency Management program will align with Presidential Policy Directive 8 (PPD-8) and the Michigan Emergency Management Act, PA 390 of 1976, as amended. The plan will include, but not be limited to:

- US Department of Labor, Occupational and Safety Health Act of 1970
• Michigan Occupational Safety and Health Administration, General Industry Safety and Health Standards
• National Fire Protection Association Standards
• The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

Essential functions include but are not limited to business services such as payroll and purchasing, internal and external communications, enterprise computing systems, facility mechanical, electrical, and plumbing systems, safety and security, and continuity of teaching and learning.

Training and Exercise Plan (TEP)
The Training and Exercise Plan supports the EOP and COOP by establishing core training objectives and frequency of trainings, drills, and exercises to ensure that students, employees, and on-site business partners understand their roles, responsibilities, and expectations.
