The Board of Trustees has carefully reviewed Dr. Robinson’s performance as President and Chief Executive Officer of Lansing Community College. It is my observation that the Board supports his vision and successful leadership in working with the Board, administration, faculty, and staff to transform and strengthen the College and improve its service to students.

Therefore, at today’s Board meeting, I will ask that motion be made that the President’s employment agreement be amended, that the amendments be
effective as of today, and an amended agreement with these changes be prepared for signature.

Trustee Buck stated that the Board would like to see a 3% increase to Dr. Robinson's based salary and the following revisions under Compensation and Benefits made to his contract for clarification

3. Compensation and Benefits

(e) Paid Sick Time. Robinson will accrue paid sick time each fiscal year of his employment 12 days, which may be used by Robinson during absences due to incapacitating illness or injury or as otherwise permitted in accordance with the Employer's policies. LCC's policies currently provide for an accumulated bank of 1,200 hours. Paid sick time is a form of LCC-funded insurance, and Robinson will not receive additional pay in lieu of unused sick time at the termination of employment."

(g) Paid Time Off for Vacation. Robinson will be granted twenty-five (25) days of paid vacation each full year, prorated on the basis of the time actually worked for employment periods of less than one (1) full fiscal year, to a maximum accumulation of four hundred (400) hours. Robinson shall coordinate proposed vacation times with the Board Chair. Unused vacation days may be surrendered for cash upon voluntary termination of employment with proper notice, or upon involuntary termination of employment other than for "cause", up to a maximum of 400 hours.

I would also like to take a moment to express my support of Dr. Robinson himself. When we met and decided to hire Dr. Robinson, he was a mere 1.5 inches on a computer screen. We did not know how the pandemic would play out. We did not know what the future of education, or the future in general, would be. We could only hope for the best. I believe that is what we have gotten. Dr. Robinson's and his team's commitment to DEI, student success, and community inclusion have been palpable. I have enjoyed the creative and modern ways that Dr. Robinson has worked to engage the community. I appreciate his open and direct communication with the board. It has been a strange and difficult past year plus. We still do not know what the future holds. But I look forward to watching Dr. Robinson and his team navigate the challenges. I believe they will continue to approach
whatever comes with the grace and acuity that makes Lansing Community College a leader in education.
