PROJECT DETAIL

PROJECT SUMMARY

Guided Pathways is one of four major projects under the umbrella of Operation 100% - LCC's customized student success initiative. The Guided Pathways project encompasses mapping programs, defining default course sequences and prescribing appropriate general education and elective options, establishing Career Communities (Meta-majors) for survey courses, cohort style orientation sessions, predictable scheduling, contextualized general education, and tracking of student progress. Faculty, advisors, counselors, support staff, and administrators across the college are engaged in developing and integrating the concepts of Guided Pathway into the culture of LCC.
