Your Health care plan covers massage therapy services.

Dear member,

Your current WMHIP health care plan covers medically-necessary massage therapy services in addition to your physical therapy and chiropractic benefits.

About your massage therapy benefit

- * Frequency- 24 visits per member per calendar year
- * Services will be subject to the plan's cost share requirements
- * No diagnostic restrictions (please note- not payable for *maintenance* therapy)
- * Payable when performed by an MD/DO or DCM- chiropractor
- * Payable by a licensed massage therapist when billing indirectly under an MD/DO or DCM
- * If you switch WMHIP plans, it is your responsibility to verify if this benefit is still applicable

Find answers to your health care questions online

You can learn more about your health care benefits online at bcbsm.com. You can create your own account and access current information on your claims, coverage, deductibles, providers and more.
