**JOB SUMMARY:** This section should summarize the overall purpose ("mission") of this job in 1-4 sentences. Briefly describe the primary reason the job exists at LCC.

_The Lansing Community College Technical Careers Division, offering over 30 programs in which we focus on providing students with high quality education and training, including significant hands-on learning opportunities, is seeking experienced, committed, and dynamic support personnel to assist our exceptional students, faculty, and staff. If you seek an opportunity to work with a great team of faculty and staff committed to student success in a professionally driven environment, then consider the following opportunity._

Functions as the secondary source of instruction in the Electrical Technology Lab to support instruction provided by the instructor of record. Assists students in completing lab projects and assignments by providing necessary instruction. Provides evaluation of student performance as requested by the instructor of record. Ensures that the lab is set up and prepared with all required tools and materials for the assigned class and planned instruction. Inspects the lab and classroom area after each class to ensure proper cleanup of the facility. Coordinates the ordering, inventorying, and maintenance of lab supplies, tools, equipment. Must be able to effectively communicate and demonstrate knowledge of specific technical skills in the lab to a diverse student population. Must have the ability to collaborate with students and peers in order to establish an environment where safety is not compromised. The successful candidate will be an advocate for shop safety and be very familiar with Personal Protective Equipment and safe industrial practices. This position may require evening and weekend hours.

**DIRECT REPORTS:** If this is a supervisory position (authority to hire, assign, discipline, approve timesheets), list position #s of those supervised.

None.
ESSENTIAL DUTIES AND RESPONSIBILITIES: Identify and describe the essential duties and responsibilities, i.e., what actions are done and what are the expected results. Most jobs can be described using 5-10 statements. List in priority order, beginning with top priority/must get done, with approximate percent for each (e.g. 20% 1. Reconciles grant fund expenditures to balance monthly budget). “Other duties, as assigned,” are implicit in all position descriptions.
