## LCC EMS Student Advisory

To best prepare EMS students for the requirements of EMS students by LCC, the State of Michigan, the NREMT, CoAEMSP (among other entities), this advisory is provided to students. Ensure that you understand each item, **and initial each of the items below.**

\_\_\_\_\_ I have been advised that failure to successfully complete any of my program courses, including clinicals will prevent me from successfully completing my program of study and testing by the NREMT.

\_\_\_\_\_ I have been advised I may not participate in clinicals until my required health information records and associated trainings have been completed and turned in to the Clinical Coordinator.

\_\_\_\_\_ I understand that the cost of any vaccinations, office visits, or associated testing is an expense of my own responsibility and is not included in the cost of tuition or other associated course fees.

\_\_\_\_\_ I understand that failure to complete and turn in the required health information records by the deadline will result in a failing grade for that assignment and I will be ineligible to sign up for clinicals until they are complete.

\_\_\_\_\_ I understand my conduct while at clinical sites will affect my ability to participate in future clinicals.

\_\_\_\_\_ I understand criminal activity — past, present, or future; with or without a conviction — may affect my eligibility to participate in clinicals, remain a student of LCC, and/or obtain a State of Michigan EMS license.

\_\_\_\_\_ I have read the NAEMT Code of Ethics <sup>1</sup>and agree to abide by the items therein.

\_\_\_\_\_ I understand where to find the EMS Student Handbook<sup>2</sup> and agree to follow its policies. I understand I am responsible for information in the Student Handbook as updates to it are made available to me.

\_\_\_\_\_ I understand where to find the LCC Student Code of Conduct<sup>3</sup> and agree to abide by the items therein.

\_\_\_\_\_ I understand the EMS Program provides access to some Fisdap<sup>4</sup> products which are required for participation in the Program's courses. The first unique access code is provided to students at no additional cost. Replacement code(s) are provided at a cost of \$25.

Student's Printed Name: \_\_\_\_\_

Student's Signature: \_\_\_\_\_ Date: \_\_\_\_\_
