## CURRICULUM GUIDE

Surgical Technology  
Associate in Applied Science Degree

Curriculum Code: 1021 (Effective Fall 2014 – Summer 2016)

The Surgical Technologist is the person who stands elbow-to-elbow with the surgeon and passes the instruments. It is his or her job to maintain the sterile field and to respond to the surgeon's needs. The Surgical Technologist prepares the operating room for surgical procedures, prepares all sterile areas and instruments for use, gowns and gloves other personnel, assists with sterile draping of the patient, and hands sterile instrumentation to the surgeon and/or assistant. Surgical Technologists are generally employed by a hospital to work in an operating room. They may also be hired in a surgeon's office, an out-patient clinic, a central processing department, or they may choose to explore sales or teaching. The Surgical Technologist may become certified by successfully passing a national exam offered by the National Board for Surgical Technology and Surgical Assisting (NBSTSA®). An Associate Degree in Surgical Technology is strongly recommended by the Association of Surgical Technologists (AST®/1990). This program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP®), upon the recommendation of the Accreditation Review Committee on Education in Surgical Technology (ARC-ST®).

This is a selective admission program. In order to be considered as a candidate for this program, students must meet basic admission requirements beyond those required for admission to the college. Many of the courses for this program are open only to students officially admitted to the Surgical Technology program.

### PREREQUISITES

Students should see [Course Descriptions](#) for course prerequisite information. See [Academic Assessment and Placement Testing for Student Success](#) for skills assessment and advising information.

### INFORMATION

The admission and/or graduation requirements for this program may change each academic year. **The program requirements below apply only to those students who have been admitted to the program for the 2014/2015 academic year.** For the most recent and complete information, interested students should contact the Admissions Office, Gannon Building, Room 203, telephone number (517) 483-1254 or the Surgical Technology Program, Health and Human Services Building, Room 108, telephone number (517) 483-1410 (Website: [www.lcc.edu/health/](http://www.lcc.edu/health/)).

### REQUIREMENTS FOR ADMISSION TO THE SURGICAL TECHNOLOGY PROGRAM

For current information about admission requirements, students must contact the Admissions Office, Gannon Building, Room 203, telephone number (517) 483-1254.

**NOTES:**

1. Current Basic Cardiac Life Support Certification (BCLS) is required throughout the program (NCHE 102 or American Heart Association/Health Care Provider or American Red Cross/Professional Rescuer Certification.) It is highly recommended that students be familiar with computer technology and the Internet (CITF 103 Internet Basics recommended.)
2. All "REQUIREMENTS" must be completed with a minimum 2.5 grade or better with the exception of MATH 112, which must be completed with a minimum 2.0 grade.
3. BIOL 201, BIOL 202, CHSE 117, CHSE 120, MATH 112, Communications Core, SURG 103, Writing Core, and Global Perspectives and Diversity Core must be completed prior to admission to the Surgical Technology program as part of the Phase I requirements for admission.
4. MATH 112 is the minimum math requirement. It may be replaced by MATH 115 or MATH 117 or a non-Core Mathematics course at MATH 121 or above.
5. All "LIMITED CHOICE REQUIREMENTS" must be completed with a minimum 2.0 grade or better.
6. Students completing "REQUIREMENTS" have fulfilled the requirements for this Core area.

### **SUGGESTED COURSE SEQUENCE**

Courses listed in Semesters I and II must be completed prior to admission to the Surgical Technology program as part of the Phase I requirements for admission. Students should see course descriptions to find out when departments plan to offer courses. Students who for any reason are unable to follow the course sequence suggested below (for example, those who are part-time, have transferred in courses from another school, or have prerequisites to fulfill) should contact an academic advisor for help with adjustments.
