CURRICULUM GUIDE

Food Service Management Certificate of Completion

Curriculum Code: 1294 (Effective Fall 2014 – Summer 2019)

This certificate program is designed for individuals interested in food service management careers. This certificate provides students with the basic skills and knowledge for entry level management positions in the food service industry. Students will demonstrate management principles involved in the successful operations of a food service establishment. They will be able to identify and apply the principles involved in financial analysis of a food service operation, including food, beverage and labor cost control. Certificate holders will also learn industry standards for sanitation and safety procedures along with exemplary customer service skills.
