CURRICULUM GUIDE

EKG Technician
Certificate of Completion

Curriculum Code: 1442 (Effective Fall 2015 – Summer 2016)

This certificate is designed to prepare a person to safely and skillfully work as an EKG technician, also known as a cardiology technician at certain facilities. An EKG technician works primarily in a hospital but could also work in an outpatient clinic or cardiology practice. This position is occasionally combined with respiratory therapy. Completers of this curriculum meet the requirements for EKG technician certification.

PREREQUISITES

Students should see [Course Descriptions](#) for course prerequisite information. See [Academic Assessment and Placement Testing for Student Success](#) for skills assessment and advising information.
