

LANSING COMMUNITY COLLEGE
CURRICULUM GUIDE

Automotive Technology, Undercar Maintenance and Repair Specialist
Associate in Applied Science

Curriculum Code: 1765 (Effective Fall 2015 – Summer 2020)

This program prepares individuals to work as an automotive undercar technician. Students who complete this degree will further their education in the undercar field of study. Students will specialize in repair, maintenance, and diagnosis of brakes, suspension, transmissions, engines, and electrical systems of the automobile. The Automotive Technology Program is a National Automotive Technicians Education Foundation (NATEF) Certified Training Program, evaluated by the National Institute for Automotive Service Excellence (ASE). Not all courses in this program transfer to all colleges. Students planning to transfer should see an academic advisor before enrolling in any course.

PREREQUISITES

Students should see [Course Descriptions](#) for course prerequisite information. See [Academic Assessment and Placement Testing for Student Success](#) for skills assessment and advising information.
