

LANSING COMMUNITY COLLEGE

CURRICULUM GUIDE

Patient Care Technician
Certificate of Completion

Curriculum Code: 1784 (Effective Fall 2016 – Summer 2017)

This certificate curriculum will prepare an individual for employment as a patient care technician in a hospital or other acute care delivery setting. Students will learn the knowledge and skills needed in order to provide safe basic patient care, including basic phlebotomy and EKG. Upon successful completion students are eligible to take the National Certification exam for Patient Care Technicians.

PREREQUISITES

Students should see [Course Descriptions](#) for course prerequisite information. See [Academic Assessment and Placement Testing for Student Success](#) for skills assessment and advising information.
