Summer 2020)

Basic Emergency Medical Technician C.C. Pathway

All Emergency Medical Services courses are approved by the Michigan Department of Health and Human Services. Basic Emergency Medical Technicians are members of the health care team in the pre-hospital emergency care setting. EMT personnel staff ambulances and are also employed in hospitals, industry, and other public service agencies. They are expected to respond rapidly and effectively to many forms of trauma and medical emergencies and work in close contact with emergency physicians. The job is often fast-paced and always challenging. State licensing is required. Daytime and evening course options are available to students.

Note:

To be eligible to receive the Basic Emergency Medical Technician Certificate of Completion and apply for National Registry Certification, all courses in this curriculum must be completed with a 3.0 grade or better.
