EKG Technician C.C. Pathway

This certificate is designed to prepare a person to safely and skillfully work as an EKG technician, also known as a cardiology technician at certain facilities. An EKG technician works primarily in a hospital but could also work in an outpatient clinic or cardiology practice. Completers of this curriculum meet the requirements to take any one of the various exams for EKG certification.

Note:

Students must complete all courses with a minimum grade of 2.5 to receive this certificate.
