Graphic Communication A.A.A. Pathways

A graphic designer is an artist/communicator who creatively and effectively designs informational or promotional materials for output in print, web and/or a variety of mass media situations. Artistic skills related to producing effective visual information are essential for a graphic designer. An understanding of the principles of typography, color theory, computer graphic applications, web design, and pre-press techniques is necessary. Graphic designers are employed by design studios, advertising agencies, printing companies, publishers, newspapers, sign companies, and businesses that generate their own publications. Not all courses in this program transfer to all colleges. Students planning to transfer should see an academic advisor before enrolling in any course.
