

**LANSING COMMUNITY COLLEGE**

**Health & Public Services**

**Curriculum Code: 1603**  
 (Effective Fall 2018 –  
 Summer 2019)

**Computed Tomography: Basics C.C. Pathway**

This certificate program is intended for people who are in their last semester of a Radiologic Technology Program or are graduates of a Radiologic Technology program and are either board eligible or registered/certified technologists with the American Registry of Radiologic Technologists (ARRT). The certificate presents the essential content needed to begin a career in computed tomography. Colorful images and easy to understand animations along with thirteen (13) professionally narrated course modules engage the student in the learning process.

**Note:**

Please note that this course consists of thirteen (13) modules. Students must complete and pass exams with a minimum grade of 2.5 in all thirteen (13) modules to receive the Certificate of Completion.

**For More Information**

Contact the Radiologic Technology Program, Health and Human Services Building, Room 108, telephone number (517) 483-1410, or the Academic Advising Department, Gannon Building - StarZone, telephone number (517) 483-1904.
