

## **Ultrasound: Diagnostic Medical Sonography A.A.S.**

Curriculum Code: 0790

Effective: Summer 2019 – Summer 2021

### **Description**

A Diagnostic Medical Sonographer provides patient services in a variety of medical settings using medical ultrasound under the supervision of a physician. Sonographers assist the physician in gathering sonographic data necessary to diagnose a variety of conditions and diseases. Sonographers obtain, review, and integrate patient history and supporting clinical data to facilitate optimum diagnostic results. They perform appropriate procedures and record anatomical, pathological, and/or physiological data as well as sonographic data and other pertinent observations made during the procedure for interpretation by a physician. They provide patient education related to medical ultrasound and promote principles of good health.

### **Additional Information**

The D.M.S. curriculum is an integrated six semester program that incorporates didactic and clinical training designed to prepare the student for employment in the field of diagnostic medical sonography. The program is aligned with the standards and guidelines of the Joint Review Commission on Diagnostic Medical Sonography and is accredited by the Commission on Accreditation of Allied Health Education Programs (JRCDEMS-CAAHEP), 1361 Park Street, Clearwater, FL 33756. Graduates of the program are prepared for either the examination by the American Registry of Diagnostic Medical Sonographers (ARDMS) or the American Registry of Radiologic Technologists (ARRT). The associate degree option is open to students with no previous background in an allied health field.

This is a selective admission program. In order to be considered as a candidate for this program, students must meet basic admission requirements beyond those required for admission to the college. The following courses in Semesters I and II must be completed by December 31 of the year prior to the April 1 D.M.S. Program admission application deadline: BIOL 145 or BIOL 201 and BIOL 202; MATH 120 (or higher) or STAT 170 or STAT 215; and PHYS 120 or PHYS 200. All Core Area requirements must also be completed prior to the start of the program including Communication Core, Writing Core, and Global Perspectives and Diversity Core.

A 2.5 minimum grade is required in all courses in this curriculum, including Core, with the exception of PHYS 120 or PHYS 200 which require a minimum 2.0 grade.

### **Contact Information**
