

## **Nursing - RN Option A.A.S.**

Curriculum Code: 0222

Effective Dates: Fall 2020 –Fall 2022

### **Description**

The Nursing Program at Lansing Community College is nationally accredited by the Accreditation Commission for Education in Nursing, Inc., 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326, 404-975-5000, and is approved by the Michigan Board of Nursing. It utilizes the career ladder concept. There are specific prerequisites required for entry into the registered nurse program. The program is offered in a 2-year Traditional, 2nd Degree, or Advanced Standing track. The 2nd Degree track is available for students with a bachelor's degree. A practical nurse, paramedic, or respiratory therapist with a current license may gain entry into the Advanced Standing track.

The Registered Nurse (RN) Program prepares the individual to care for clients of all ages in a variety of health care settings. As an essential member of the health care team, the RN is responsible for developing, implementing, and evaluating a plan of care for clients. The RN is required to assist clients in achieving their health goals through effective communication, decision making, problem-solving, management, and technological skills. Registered nurses work in hospitals, clinics, offices, nursing homes, and home health care settings, in addition to schools, research facilities, and community agencies. The education and scope of practice of the RN is determined by state law. The student must successfully complete this program and the National Council Licensing Examination-Registered Nurse (NCLEX-RN) to practice as a registered nurse.

Students admitted in the 2-Year and 2nd Degree tracks will complete Practical Nurse (PN) coursework during the first two semesters of the program. The Practical Nurse (PN) certificate program prepares an individual to, with supervision from the Registered Nurse, implement a plan of care for clients in a variety of healthcare settings often working in long-term care. The education and scope of practice of the PN is determined by state law. The student must successfully complete the Certificate of Achievement and the National Council Licensing Examination-Practical Nurse (NCLEX-PN) to practice as a practical nurse.

### **Additional Information**

This is a selective admission program. In order to be considered as a candidate for this program, students must meet admission requirements beyond those required for admission to the college. All courses listed below for Semesters I and II must be completed by the deadlines posted on the Nursing Program website. Students must achieve a minimum grade of 2.5 in each of the courses required for admission to the Nursing Program with the exception of NURS 201, which requires a minimum grade of 3.0. Once admitted, a student may not begin a new semester in the Nursing Program until she or he has successfully completed all of the NURS courses listed in the previous sequenced semester with a minimum grade of 3.0.
