

## **Accounting - CPA Exam Preparation A.B.**

Career Community: Business

Curriculum Code: 0255

Effective: Fall 2024 – Summer 2029

### **Description**

This degree focuses on helping students with a Bachelor Degree, outside the field of accounting, learn the material to pass the Uniform Certified Public Accountant (CPA) Examination, and provides them with the classes needed to start a career as a professional accountant. The program prepares students for success in all realms of accounting, including careers as an auditor, tax professional, cost accountant, governmental accountant, financial analyst, and many more.

In addition to the 150 credit hours educational requirement, candidates must meet the accounting credit hours requirement, business credit hours requirement, and professional experience requirement. Though this program meets all of the accounting credit hours requirement to become certified and start a career in accounting, this program does not meet all of the business credit hours requirement or professional experience requirement. Students should research all of the requirements to become certified. The current "Guide to Becoming a Michigan CPA," along with other information regarding careers as a C.P.A., can be found on the [Michigan Association of CPA's \(MICPA\) Student Resources page](#).

Before starting this program, students should meet with an Accounting Faculty Advisor.

### **Milestone**

In addition to the required General Education courses in Math and English, completion of ACCG 210 and ACCG 211 with a 2.0 or higher is a key component for success in completing this program. Knowledge obtained in these courses is the foundation for learning in other required courses. Students are encouraged to contact their faculty if they need additional assistance with learning the concepts presented in these courses.

### **Contact Information**

Contact the School of Business, Gannon Building, Room 1222, telephone number 517-483-1546 or the Academic Advising Department, Gannon Building - StarZone, telephone number 517-483-1904.
