

Transfer Studies A.S.

Curriculum Code: 1782

Effective: Fall 2025 – Summer 2030

Revised: 7/29/25

Purpose of the Major

This degree is a customized program of study for students pursuing transfer into a major that LCC does not offer. Many of our degrees can lead to transfer into a variety of majors. Consult with an academic advisor to choose the pathway that best meets your employment and/or transfer goals.

Students completing this curriculum will also satisfy the Michigan Transfer Agreement (MTA) between two-year and four-year institutions in Michigan and qualify for an LCC Transfer Studies Certificate of Achievement (1482). Transfer students are strongly encouraged to apply for this certificate along with their degree. General education and subject area requirements may vary from one college or university to another. A minimum of 2.0 is required to transfer to other colleges (some colleges, and some programs within colleges, require a higher grade in a course).

Milestone

Completion of the required Math and English courses with a 2.0 or higher is a key component for success in completing this program. Knowledge obtained in these courses is the foundation for learning in other required courses. Students are encouraged to contact their faculty if they need additional assistance with learning the concepts presented in these courses.

Additional Information

A student must earn a minimum grade of 2.0 in all courses.

Contact Information

Prior to beginning this program, students must meet with an academic advisor in the Academic Advising Department, Gannon Building - StarZone, telephone number 517-483-1904.
