Steve Robinson, Ph.D.
President
On behalf of the entire Stars community, I am delighted to welcome you to Lansing Community College. LCC is a wonderfully varied institution, and as a new LCC Star, you can choose from hundreds of degrees and certificates as well as non-credit options for lifelong learning. Some students come to LCC to gain one specific skill for their job, and others come to explore all their educational options before transferring for a four-year institution. Whatever your goal, you can be assured we maintain strong partnerships with area businesses and many Michigan universities, smoothing your path to success.

As an LCC student, you will have access to expert faculty and state-of-the-art facilities. You will also have dozens of free support services, including tutoring, academic advising, counseling, student clubs and financial aid specialists. I particularly encourage you to get to know your Academic Success Coach, who works one-on-one with you to ensure your academic and non-academic needs are met.

You should also know LCC is deeply committed to its values of diversity, equity and inclusion, and the worth of every person. We pride ourselves on being a welcoming environment that supports all our students and employees in reaching their life goals. Particularly during the pandemic, we have placed our focus on our people, prioritizing our community’s physical and mental health.

Whether you are ready to get back to campus or enjoy learning from the comfort of your home, we have course offerings for you. We have even expanded our online course offerings so that many include real-time interaction with faculty, just like in the classroom. I invite you to browse this catalog to learn more about your educational options.

I am thrilled you have chosen LCC as the next step in your academic journey, and I look forward to cheering you on in your studies.

Sincerely,

Sally Welch
Provost

About LCC

Vision
Serving the learning needs of a changing community.

Mission
Lansing Community College provides high-quality education ensuring that all students successfully complete their educational goals while developing life skills necessary for them to enrich and support themselves, their families, and their community as engaged global citizens.

Motto
Where Success Begins

Guiding Principles
1. LCC will be a “Comprehensive Community College,” focused upon offering learning opportunities in four areas: career and workforce development, general education, developmental education, and personal enrichment.
2. LCC will have a careers emphasis and, in support of this, maintain a technology-rich environment, fostering “user-” vs. classroom-level information technology skills.
3. LCC will maintain and support a well-qualified, committed, and competitively compensated faculty and staff who use both proven traditional and progressive student-centered learning approaches.
4. LCC commits to continuous improvement in its programs and services and will maintain high expectations of its students.
5. LCC will be flexible, affordable, and accountable, continuously improving student learning and support services through the assessment of measurable outcomes.
6. LCC will strive to be “state of the art” in all that it does, while pursuing a select number of cutting-edge initiatives.
7. LCC will have a local emphasis in allocating its resources, while maintaining vital connections to the world, culturally and technologically.
8. LCC, within its broader purpose of serving its entire community in diverse ways, recognizes a special responsibility to young adults, those from lower income brackets, and those requiring developmental academic or entry-level career skills.
9. LCC seeks cooperative relationships with both private and public organizations, pursuing growth not as an end in itself but only when it best serves student and community needs.
10. LCC will prepare those it serves to thrive in a diverse world by reflecting that diversity in its student enrollment, staffing, planning, and allocation of resources.
11. LCC will manage its finances in a responsible manner; allocating resources and achieving efficiencies to best serve the priority needs of its students and the taxpayers who support its operation.
12. LCC is a dedicated community member working for the betterment of all.
A History of LCC
Lansing Community College, founded in 1957, is one of the largest community colleges in Michigan, serving more than 23,000 students across a six-county area each year. LCC offers courses in general education for those interested in transferring to a four-year institution, career and workforce development, developmental education and personal enrichment. To meet the professional development and training needs of regional employees, the college offers customized programs for credit, non-credit and continuing education. The University Center at LCC offers students the opportunity to earn bachelor’s and master’s degrees from five partner universities on the downtown LCC campus. For more information, visit lcc.edu.

Accreditation
Lansing Community College is accredited by the Higher Learning Commission (HLC), a regional accreditation agency that accredits degree-granting institutions of higher education located in the 19-state North Central region of the United States. Regional accreditation validates the quality of an institution as a whole and evaluates multiple aspects of an institution, including its academic offerings, governance and administration, mission, finances, and resources. Institutions that the HLC accredits are evaluated against the Commission’s Criteria for Accreditation, a set of standards that must be met in order for the institution to receive and/or maintain accredited status. The HLC’s Criteria for Accreditation reflect a set of guiding values. Accreditation is largely a peer-based review and evaluation process. HLC decision-making bodies are comprised of institutional representation from colleges and universities accredited by the Commission; public members are also sometimes involved.

Board of Trustees
Lansing Community College is directed and governed by a Board of Trustees, consisting of seven members, elected at large in the community college district on a nonpartisan basis. Elected members retain positions for 6-year terms.

Board Policies
As with any other professional or workplace responsibility, failure to follow any Board policy which applies to any College employee may result in disciplinary action up to and including discharge where appropriate. Before any discipline is administered, the College will follow applicable established administrative procedures with respect to non-bargained for employees, and applicable provisions of any collective bargaining agreement. To view Board Policies, go to the Board of Trustees’ Policies webpage.

Program Accreditations
The following occupational programs are accredited, approved, certified, licensed, or regulated by the association, agency, or governmental agency identified. For the most current list, please visit our Program Accreditation website.

Online Learning Courses
Electronically-supported Education Options

**Online***- For motivated, independent learners who have the ability to work without face-to-face contact with an instructor or classmates, taking a course online using LCC’s Course Management System, D2L, will most likely work. Students enrolling in an online course should have existing computer skills or the ability to acquire such skills. Online instructors will follow a syllabus and set deadlines.

**Online Real Time***
In an online real time (ORT) class instruction is delivered online during designated meeting day(s) and times.

**Online/Hybrid***- An online/hybrid course is one in which a portion of regularly scheduled classroom time is replaced with online course work and activities. This is a good option for students new to online learning or students who prefer a more structured learning environment but enjoy the flexibility that an online course provides as this type of course limits the number of times a student needs to be on-campus for class. Students spend part of their time face-to-face in the traditional classroom, lab, or worksite with an instructor and the other part participating online using the Course Management System, D2L.

*All students are encouraged to complete the [Learning Online in D2L Training](#) prior to beginning an online course. Students are able to self-enroll in the training through D2L at any time.*

**Orientation**
Orientation is required for students attending college for the first time. For transfer/guest students or students dual enrolling while in high school, completion of orientation is not required. Estimate Tuition Cost
Planning for the cost of higher education is extremely important. Use the Tuition Cost Estimator tool to estimate the cost of tuition for this semester.

Course fees support costs unique to specific courses, beyond the standard cost of instruction and basic materials. Fees include a variety of consumable costs, specialized equipment, and technology dedicated to the associated course. Further, small group instruction is sometimes required by state or federal regulations, national accreditation mandates, or quality and safety standards, which all impact faculty-to-student ratios and overall program costs. These costs have not changed because of distance learning.

LCC’s longstanding practice is that students are charged for the cost to deliver their education in their chosen program. As such, the courses and programs that have these additional costs are charged to the students enrolled in the courses rather than spreading those costs out evenly among all students by way of higher tuition. This practice promotes fairness for all.

In April 2020, the LCC Board of Trustees approved permanently eliminating the $25 online virtual fee. The fee will not be on the student’s bill during summer or fall 2020, or anytime thereafter.

Once online registration ends for a course, follow the Late Registration and Schedule Adjustment Guidelines below.
Late Registration and Scheduling Adjustments
Late registration at Lansing Community College is not allowed. Schedule adjustments are allowed within the first week of each part of term. Special circumstance may be considered after consultation with the instructor and the Academic Dean.

A schedule adjustment is defined as adding a course by a student with registration activity for the current semester. Adding an additional course, switching sections, and being reinstated into a section in which the student was previously registered are all examples of schedule adjustments.

Late registration is defined as adding a course by a student who has not had any registration activity for the current semester.

WHAT IS REGISTRATION ACTIVITY?
Examples of registration activity include:
- A student is registered in a section for the current semester
- A student dropped a section during the current semester
- A student was on a waitlist for a section during the current semester

Maximum Enrollment per Semester
Individual students will enroll in no more than 28 credits per semester. Students who wish to enroll in more than 28 credits per semester may request permission from the Dean or designee overseeing the academic program the student is following. The Dean or designee will make a decision which is based on the student’s academic and personal circumstances and which supports reasonable expectations for successful learning and course completion. In the case of any appeal, the final decision rests with the Academic Affairs Office.

Placement Levels
Most courses require basic skills proficiency levels which must be met prior to enrolling in courses that require specific placement levels. Students are strongly encouraged to establish their placement levels, complete orientation, and meet with an advisor prior to registration.
Tuition and Fee Information

Below are policies related to the calculation of tuition based on residency and veteran status, the payment of those fees, and the refund policy.

Eligibility for In-District, In-State, Out-of-State, or International Tuition

About Billing Hours
What is a billing hour?
The cost for attending a course is determined by the course's billing hours, instead of credit hours. A billing hour represents an amount of time that a student spends in direct contact with an instructor or with laboratory equipment.

How are billing hours for a course determined?
Several factors are considered in determining the billing hours of a course. The main factor is the number of hours the student is expected to either be in a class or in another "instructional" setting (such as a lab) in a typical week for a full-semester course. LCC courses range from one billing hour to more than 10 billing hours per course. The billing system caps the number of billing hours that can be added to a course. For the majority of courses at LCC, the credit hours and the billing hours are the same.
**Tuition Estimate Resources**

**Tuition Cost Estimator**
The Course Tuition Cost Estimator will give you a rough estimate of the tuition and fee charges for one or more courses you plan to enroll in. This is a tool to help you plan prior to registering for courses.

**Net Price Calculator**
This tool can be used to receive an estimate of how much students similar to you paid to attend Lansing Community College during the current Academic Year.

**Veterans In-State Tuition**
Any individual using VA Educational Benefits under Chapter 30, Chapter 31, Chapter 33, or the Fry Scholarship and who lives in the State of Michigan while attending Lansing Community College, regardless of their former state of residence, and regardless of when they or the military member was discharged from military service, will pay in-state tuition rates for all VA approved programs.

To remain compliant and approved to receive VA GI Bill funding, schools must charge in-state tuition and fee amounts to “covered individuals.” A “covered individual” is defined in Section 1005 of Public Law 116-315 as:
- A veteran who lives in the state in which the institution of higher learning is located, regardless of their former state of residence, and enrolls in the school, regardless of when they discharged from military service.
- A spouse or child using transferred benefits who lives in the state in which the institution of higher learning is located, regardless of their former state of residence, and enrolls in the school, regardless of when the military member discharged from military service.
- A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship who lives in the state in which the institution of higher learning is located, regardless of their former state of residence, and enrolls in the school, regardless of when the military member died in the line of duty.

**Payment of Tuition & Fees**
According to the Michigan Community College Act, “the Board of Trustees may establish and collect tuition and fees for resident and nonresident students.” The Board of Trustees shall review student tuition and fees on an annual basis, based on the financial requirements of the College, to provide optimal services to students at an affordable price.

**Tuition and Fees Refund Policy**
It shall be the College policy to refund tuition and fees accordingly, except where superseded by law, to a student who properly withdraws from a class.

Types of Financial Aid

Need-Based v. Non-Need-Based Financial Aid

**Need-based aid** is financial aid a student can receive if the student has financial need and meets other eligibility criteria. Financial need is determined by subtracting the Expected Family Contribution (EFC) derived from the FAFSA from the student’s Cost of Attendance (COA). Students cannot receive more need-based aid than the amount of financial need.

Example: COA of $11,000 and EFC of $7000 = financial need of $4,000. Student is eligible for $4,000 in need-based aid.

The following are need-based financial aid programs:

- **Children of Fallen Heroes Scholarship**
  The Children of Fallen Heroes Scholarship is provided to students whose parent or guardian was a public safety officer who died in the line of duty. - **Federal Pell Grant**
  The Federal Pell Grant is a need-based federal grant to promote access to postsecondary education, and is awarded to low- and middle-income undergraduate students who have not yet earned a bachelor’s or professional degree. The student must be enrolled at least half-time (6-credit hours) and the award amount is prorated based on enrollment level: 100% for full-time (12 or more credits), 75% for three-quarter-time (9-11.99 credits), and 50% for half-time (6-8.99 credits).

**Non-need-based aid** is financial aid that is not based on EFC. The student’s eligibility is determined by COA and the amount of other financial aid awarded.

- Not have a federal or state conviction for drug possession or sale, with certain time limitations.

Determining Eligibility
After completing the FAFSA, the student will receive a Student Aid Report. The Financial Aid Office will use the information from this report to determine the types and amounts of financial aid the student may qualify for by using the following formula:

\[
\text{COST OF ATTENDANCE} - \text{EXPECTED FAMILY CONTRIBUTION} = \text{FINANCIAL NEED}
\]
Cost of Attendance

Cost of attendance (COA) is based on the average educational and living expenses for a student attending LCC. It does not represent an individual student's actual costs. The COA includes:

- Tuition and fees
- Books, supplies, and equipment
- Room and board
- Transportation
- Miscellaneous personal items
- Loan fees

Students may determine or estimate their COA using the following methods:

1. Current financial aid students, login to myLCC, click Banner, select Financial Aid and Financial Aid Record to access the Award Overview tab
2. Prospective students, access the Net Price Calculator or view the below chart for fall and spring semester costs for a full-time student

*ROOM: For students enrolled in more than six credits in fall or spring or three credits in summer and who receive Veteran Benefits that include a Basic Allowance for Housing (BAH), Room cost will be 0.

Expected Family Contribution

Expected Family Contribution (EFC) is calculated according to a formula established by law taking into consideration the family's taxed and untaxed income, assets, benefits (such as unemployment or Social Security), family size and number of family members who will attend college. The family includes parent information if the student is considered a dependent student as determined by the FAFSA.

The EFC is not the amount of money the family will have to pay for college, nor is it the amount of federal student aid a student will receive. It is a number used by schools to calculate how much financial aid students are eligible to receive.
Courses in Program of Study
The U.S. Department of Education requires students to be enrolled in an eligible program of study to receive financial aid and only courses that apply toward that program of study will be used to determine the amount of financial aid the student will receive. The purpose of this federal requirement is to ensure students are able to obtain their degree or certificate in a timely manner with minimal debt for student loan borrowers and to ensure that federal funds are used only to obtain a degree or certificate. Therefore, if a student registers for a course that does not count toward the declared degree or certificate, the course will not be used to determine the student’s financial aid eligibility. To learn more, please refer to the Courses in Program of Study Q&A.

Enrollment Level
Financial aid is offered to students based on enrollment as a full-time student. If a student enrolls less than full-time, certain awards may be prorated. Enrollment level changes could impact the amount of financial aid a student will receive. Adding, dropping, withdrawing, or changing a course to audit status, after the semester begins, are types of enrollment level change that could impact the amount of aid a student receives. Before making an enrollment level change, students should contact their instructor, Success Coach, and the Financial Aid Office to understand all possible consequences of the change.

The chart below defines enrollment level based on the number of credits a student enrolls for:

- **Add** - adding a course to the student schedule.
- **Audited** courses are taken for no grade. Therefore, courses being audited cannot be considered part of a student’s enrollment level for financial aid purposes.
- **Drop** - removing a course from the student schedule where instructor approval is not required. A drop also removes the course from the student’s academic record. Generally, this means that the student will no longer be charged for all or part of the course. A course cancelled by LCC is also considered a dropped course.
- **Non-credit courses** are courses that are not given credit or grade for the hours earned. Therefore, non-credit courses cannot be considered part of a student enrollment level for financial aid purposes.
- **Withdrawal** - removing a course from the student schedule by issuing a grade of W (withdrawal) for the course. The course will be part of the student’s academic record.
**Falsification of Information**
Falsification of information submitted by the student or parents for the purpose of receiving financial assistance may result in cancellation of assistance, require the student to pay back assistance received, and referral to the appropriate federal authorities. If students purposely give false or misleading information, they may be fined $10,000, sent to prison, or both by the federal government.

The Financial Aid Office may be required to verify information provided on the FAFSA by requesting documentation of income or other types of financial assistance. In addition, if the Financial Aid Office has conflicting information or has reason to believe that student information may not be valid, further investigation will occur prior to financial aid being awarded and/or refunded.

**Notice of Federal Student Financial Aid Penalties for Drug Law Violations**
Note: The U.S. Department of Education has rescinded the Drug Conviction student eligibility requirement and students no longer face penalties or suspension of Title IV aid due to a drug conviction that occurred while the student was enrolled and receiving Title IV aid; however, LCC is still required to disclose the following information.

A federal or state drug conviction can disqualify a student from federal financial aid programs. Convictions apply if they were for an offense that occurred during a period of enrollment for which the student was receiving Title IV federal financial aid; convictions do not count if the offense did not occur during such a period. A conviction that was reversed, set aside, or removed from the student’s record does not impact federal financial aid eligibility. In addition, a conviction received when the student was a juvenile does not apply, unless that student was tried as an adult.

The following chart illustrates the period of ineligibility for federal financial aid programs. Please note that eligibility is dependent upon the nature of the conviction and the number of prior offenses.

</table>

Indefinite Period

Pursuant to federal law, a conviction for the sale of drugs includes convictions for conspiring to sell drugs. Moreover, those students convicted of both selling and possessing illegal drugs will be subject to ineligibility for the longer period as prescribed under the circumstances.

A student regains eligibility the day after the period of ineligibility ends or when the student successfully completes a qualified drug rehabilitation program. Further drug convictions will make the student ineligible again for federal financial aid programs.

Students denied eligibility for an indefinite period can regain it only after successfully completing a rehabilitation program as described below. Furthermore, eligibility can be regained if a conviction is reversed, set aside, or removed from the student’s record so that fewer than two convictions for the sale or three convictions for the possession of illegal drugs remain on the student’s record. In such cases, the nature and dates of the remaining convictions will determine when the student regains eligibility. It is the student’s responsibility to certify to the College that a qualified drug rehabilitation program has been completed.

For purposes of financial aid eligibility, a qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds directly or indirectly from a federal, state, or local government program.
- Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company.
- Be administered or recognized by a federal, state, or local government agency or court.
- Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.

For more information regarding illegal drug convictions and financial aid eligibility, please visit the Free Application for Federal Student Aid (FAFSA) website, or contact the Financial Aid Office.

Remedial / Developmental Courses
Remedial/Developmental Courses are defined as courses that are below college level but at least at the secondary (high school) education level. Once students attempt more than 30 remedial/developmental credits, the Financial Aid Office must begin limiting federal financial aid eligibility. Even if financial aid funds were not used for the prior coursework, the Financial Aid Office must limit federal financial aid eligibility. For example, if a student attempted 30 remedial/developmental credits and the following semester register for a total of 12 credits with 4 out of the 12 credits are considered remedial/developmental, the student’s financial aid eligibility will be based on 8 credits (half-time).
Below are courses that LCC considers remedial/developmental:

Repeated Courses
Federal regulations limit the number of times a student may repeat a course and receive financial aid for that course. This limit applies whether or not the student received financial aid for earlier enrollments in the course. If a student retakes a course that is not eligible for financial aid, a recalculation of aid is done to exclude the credits for the repeated course.

Note: Students must also adhere to the College’s Repeat Policy.

- A student may receive financial aid to repeat a previously passed course (1.0 or higher) one additional time.
- A student may receive financial aid when repeating a previously failed course (0.0F, 0.0U, ZF, or ZU) regardless of the number of times the course was attempted and failed.
- A student, who is taking a course (see chart below) that requires the student to enroll in the course multiple times to meet degree requirements, may receive financial aid for these courses.

## Return of Title IV Funds (R2T4)

LCC is a non-attendance taking institution with the exception of programs that have licensure/accreditation requirements for attendance. Federal regulations require schools to perform a Return of Title IV Funds (R2T4) calculation for Title IV grant and/or loan recipients if one of the events in the table below occurs within the student’s payment period. Note: The R2T4 calculation is independent of the institution’s Refund Policy.

</tbody>

Within 30 days of the determination of withdrawal, the R2T4 calculation must be completed to determine the amount of earned and unearned aid based on the student’s withdrawal date*. The institution and/or the student owes the unearned aid to the federal government. LCC will return the institution’s and the student’s unearned aid to the federal government within 45 days of the date of determination of withdrawal, LCC will bill the student for the unearned aid, and the student is responsible for repaying LCC. If the student was disbursed less than the revised award, the student may be due a post-withdrawal disbursement. LCC must notify the student in writing of eligibility for a post-withdrawal loan disbursement within thirty days of the determination of withdrawal. LCC must obtain the student’s permission to disburse additional loan funds. The student may choose to decline some or all of the loan funds to avoid incurring additional debt. For grant funds, LCC will use post-withdrawal funds to pay any allowable institutional charges prior to refunding the remaining funds to the student.

Unearned aid will be returned within 45 days of the date of determination of withdrawal in the following order:

- Federal Direct Unsubsidized Loans
- Federal Direct Subsidized Loans
- Federal Direct PLUS Loans
- Federal Pell Grants
- Federal Iraq and Afghanistan Service Grant
- Federal SEOG
*Withdrawal Date

- Official Withdrawal
  - When a student withdraws from all courses or withdraws/drops from a course and the student’s remaining courses have not yet begun.
  - When an instructor in a program with licensure/accreditation requirements for taking attendance withdraws/drops a student from a course. This action must occur within 14 days of the student’s last date of participation in an academically related activity*.
  - The official withdrawal date used in the R2T4 calculation is the student’s last date of participation in an academically related activity*.

- Unofficial Withdrawal
  - When a student does not earn credit in at least one course and all failed courses were graded as unfinished. The instructor reports the last date of participation in an academically related activity* with the grade, which is the unofficial withdrawal date.
  - The unofficial withdrawal date used in the R2T4 calculation is the student’s last date of participation in an academically related activity*.

Calculating Earned Title IV Aid

To determine the total aid earned, LCC must divide the number of days the student attended during the semester by the total number of days the student was scheduled to attend for courses that were used to determine the student's financial aid. This percentage is multiplied by the total Title IV financial aid the student is awarded for the semester (disbursed and to be disbursed).

For example:
Student attended 64 days.
Student’s schedule is 118 days in length.
Student was awarded (disbursed and to be disbursed) Title IV aid of $5000 for the semester.

The percentage of total aid earned = 54.2% (64 days attended / 118 days)
The earned Title IV financial aid = $2710 (54.2% of total aid earned x $5000 awarded)

*Definition of Academically Related Activity

The following academically relate activities constitute participation for purposes of determining whether a student started an LCC face-to-face course, which consists of both classroom attendance and activities in the Desire to Learn (D2L) system:

- Physically attending a class where there is an opportunity for direct interaction between the instructor and students;
- Submitting an academic assignment;
- Taking an exam, completing an interactive tutorial, or participating in computer-assisted instruction;
Attending a study group that is assigned by the instructor;
Participating in an online course discussion about academic matters (logging into an online course without active participation is not acceptable); and
Initiating contact with a course instructor within the D2L system to ask a question about the academic subject studied in the course.

The following academically related activities constitute participation for purposes of determining whether a student started an LCC distance education course, which consists of activities within the D2L system:

- Student submission of an academic assignment;
- Student submission of an exam;
- Documented student participation in an interactive tutorial or computer-assisted instruction;
- A posting by the student showing the student’s participation in an online study group that is assigned by the instructor;
- A posting by the student in a course discussion forum showing the student’s participation in an online discussion about academic matters; and
- An email from the student or other documentation showing that the student initiated contact with the course instructor within the D2L system to ask a question about the academic subject studied in the course.

Rights and Responsibilities of the Financial Aid Recipient

As a student financial aid consumer, the student has the right to:

- Information about financial aid application procedures, cost of attendance, aid available, and renewal requirements as well as information about LCC’s academic programs and policies.
- Confidential protection of financial aid records. The contents of the student’s financial aid record are maintained in accordance with the Family Educational Rights and Privacy Act.
- Request a review of decisions made by LCC’s Financial Aid Office. A letter discussing the situation in detail and the decision the student wishes to have reviewed should be submitted in writing to the Financial Aid Office via email.

The student has the responsibility to:

- Complete applications and requested information accurately and timely.
- Read and understand all materials sent to the student from the Financial Aid Office and other financial aid agencies. Keep copies of all forms and materials submitted.
- Know and comply with the rules governing aid programs.
- Comply with the provisions of any promissory note and all other agreements the student signs.
• Register for the number of credits required and maintain Satisfactory Academic Progress.
• Go to the StarZone on the second floor of the Gannon Building for personal assistance if the student has questions or does not understand the information provided.
• Budget and manage financial aid funds. Learn more at Money Basics.

Student Academic Progress (SAP)
Federal regulations require the Financial Aid Office at Lansing Community College (LCC) to monitor the progress (both qualitatively and quantitatively) of all students toward the completion of a degree through Satisfactory Academic Progress (SAP). SAP is separate from LCC’s Academic Standing Policy. In order to receive federal funds, a student must meet SAP. If required, SAP also applies to state, institutional, and private funding.

To determine eligibility each semester, the Financial Aid Office will monitor and evaluate students' academic progress, regardless of whether aid was received. SAP is evaluated at the end of fall, spring, and summer semesters for all students who had academic history updates during the semester being evaluated. The evaluation will include all attempted credits, including earned credits (4.0-1.0 and Pass), failed credits (0.0F, 0.0U, ZF, and ZU), transfer credits, withdrawals, incompletes, audits, remedial, and repeated courses. Remedial coursework will be included in the determination of the GPA, completion ratio, and maximum timeframe. Repeated coursework will only include the highest grade earned in the GPA, but all attempts will be counted in the completion ratio with only one successful attempt counted as earned. All attempts will be used in the determination of maximum timeframe. Incomplete coursework will have no effect on the GPA; however, incompletes are counted as unearned in the determination of the completion ratio and maximum timeframe. Students who change majors or are pursuing a second degree will have SAP evaluated on all attempted credits, not just those applicable to their new major or second degree. Students will be notified of their SAP status via email and Banner Self Service after each evaluation period.

Note: SAP may be re-evaluated for students who have a Reinstated SAP status at any point of the semester if one of the following has occurred:
• Grade Change, except for Incompletes
• Change of Program occurs

SAP Standards
Student must meet all the following SAP standards to remain eligible for financial aid:

• Maintain a minimum cumulative GPA of a 2.0 in all credits attempted at LCC.
• Maintain a minimum cumulative completion ratio of 70% of all credits attempted.
• The total number of credits a student attempts cannot exceed 150% of the maximum credits required for the student's program of study.
Note: The table below represents a student pursuing a general associate degree requiring 63 credits. In order for the student to successfully complete their program within 150% of the credit hours required and maintain a cumulative completion ratio of 70%, the student must earn the following minimum credits.

**SAP Statuses**

**Good:**
- Students who meet SAP are in Good status.

**Warning:**
- **New Students**: Students who have completed at least one course with a minimum 1.0 grade and do not meet SAP after the first semester of attendance.
- **Continuing Students**: Students in Good status who fail to meet SAP but completed at least one course with a minimum of 1.0 grade in the most recent semester of attendance and have not attempted more than 150% of the credit hours required for the program.

To receive financial aid, students in Financial Aid Warning status must electronically submit a Warning Contract. Warning status will only be effective for one semester. If the student does not meet SAP by the end of the warning semester, the student will be Suspended and ineligible for financial aid.

**Suspended:**
- Students in Good status who fail to meet SAP and did not earn a minimum 1.0 grade in the most recent semester of attendance or have attempted more than 150% of the credit hours required for the program.
- Students who do not meet SAP by the end of the warning period.
- Students who did not meet the terms of an approved appeal.

Students in Financial Aid Suspended status are denied financial aid until SAP is met or the Financial Aid Office approves an appeal.
Reinstated:

- Students who calculate to Suspended but have an approved appeal and taking courses that count towards their program of study.

Students in Financial Aid Reinstated status are approved for financial aid as long as the student completes each semester with a minimum semester GPA of 2.0, completes 100% of all credits attempted and is taking courses that count toward the program of study on record.

To view LCC’s Academic Standing Policy, click here.

Regaining Eligibility

- Students may regain financial aid eligibility by taking courses at their own expense or by using other funding sources until they meet the minimum GPA and Completion Ratio requirements; however, students who exceed 150% of the credit hours required for the program may only regain eligibility through a SAP Appeal.

- Students who are suspended and have extenuating circumstances may submit a SAP Appeal. Submission of an appeal does not guarantee reinstatement of financial aid eligibility. Examples of extenuating circumstances are:
  - Death of an immediate family member
  - Documented hospitalization or illness
  - Major accident or illness of student or family member
  - Being victim of a crime or unexpected disaster
  - Change of major
  - Pursuit of second degree

- The SAP Appeal is available online at the Financial Aid Forms & Other Requirements Forms webpage. Students may submit an appeal throughout the semester using their secure sign-in. Students will be notified of the appeal decision within three weeks of submission. Students may request a paper version of this form by contacting the Financial Aid Office

- Students with a denied appeal may continue to attend but must pay all tuition and fees.

Accommodations for Students with Documented Disabilities
In accordance with Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Lansing Community College does not discriminate against eligible students with disabilities. The Center for Student Access, in consultation with department leadership, the Registrar’s Office, and other staff as required, may review requests for course substitutions which may represent programmatic accommodations.

The expectation for students with documented disabilities is that they will complete all requirements for an LCC associate degree. This includes the General Education requirements. In cases where a student feels that they cannot successfully complete a particular required course because of a disability, that student may engage in a dialogue with the Center for Student Access to determine:

- What reasonable accommodations (if any) may exist to minimize the effects of the disability.
- The extent to which a student's prescribed accommodations (if any) have been utilized.
- Possible next steps (if any) to facilitate success in the course in question.

For such dialogue, the student should contact the ADA/504 Coordinator at the Center for Student Access:

General Education Requirements
LCC is committed to helping its graduates gain four valuable Essential Learning Outcomes: knowledge of human cultures and the physical and natural world, intellectual and practical skills, personal and social responsibility, and integrated and applied learning. With these strengths, our graduates will be better able to develop the life skills necessary for them to enrich and support themselves, their families, and their communities as engaged global citizens.
All associate degrees, therefore, incorporate LCC General Education requirements fostering the capabilities and the flexibility that employers look for, and that citizens of the twenty-first century need. Depending on their chosen degrees, students will successfully complete the options in the appropriate Transfer Degrees (MTA) tab or Applied Degrees tab of LCC General Education.

Appropriate transfer credit from other colleges and universities, along with credit from Advanced Placement (AP), College-Level Examination Program (CLEP), International Baccalaureate (IB), and DANTES Subject Standardized Test (DSST), is applicable toward LCC General Education requirements for all degrees, including degrees that otherwise would require completion of the full MTA. However, due to statewide rules, areas of prior learning such as CLEP, IB, and DSST are not applicable to the MTA endorsement at this time.

Revised: 03/26/20

Granting Exceptions to the Institutional General Education Requirements for Associate Degrees

General Education exceptions may be granted when courses outside the approved list satisfy the specific General Education requirement(s), for example, appropriate LCC term/quarter courses without an exact LCC course equivalent, etc. A student who wishes to formally appeal a determination that the General Education requirement for an Associate degree has not been met should appeal to Academic Affairs. Academic Affairs will apply the following parameters in making a determination on whether an exception to current policy is warranted:

- Even if a College error has been documented, if the student has the time and ability to take the course(s) necessary to satisfy the requirement, the course(s) should be completed.
- The College does not waive a General Education requirement, though a substitution might be appropriate.

The Academic Affairs Office will inform the student and the Registrar’s Office in writing of either the approval or denial of the exception.

The final decision for granting exceptions to the institutional General Education requirements rests with the Academic Affairs Office.

Graduation

Graduation Requirements, Certificates & Degrees

The information below includes the requirements needed to be awarded a certificate or degree, including General Education requirements, and the application process. In addition, information is provided on the process to request an accommodation for students with disabilities.
Graduation Honors
Those students who maintain a 3.75 or higher grade point average will be graduated Summa Cum Laude (with highest honors); those who maintain a 3.50-3.74 grade point average will be graduated Magna Cum Laude (with high honors); those with a 3.25-3.49 will be graduated Cum Laude (with honors). Students must complete 40 semester credit hours of work at Lansing Community College to qualify for honors.

Guest Students
A guest student studies primarily at another college or university (referred to as the home institution) and wishes to take a limited number of courses at LCC to complete their program from their home institution.

Applicants who have taken courses or earned degrees from other colleges or universities should apply online, submit transcripts to LCC and meet with an advisor to discuss credit equivalencies.

High School Dual Enrollment & Home School Program Criteria
Dual Enrollment provides an opportunity for qualified high school students to earn college credit while working toward their high school diploma. High school credit may or may not be granted according to the discretion of the participating student's high school. Dual enrollment affords students educational advancement in specific areas where unusual ability and interest are displayed, especially in courses and academic areas not available in the student's high school.

Note: Some colleges/universities will not accept college credit for college courses used to meet high school graduation requirements.

High School Programming
LCC offers high school-based programs, which include The Early College, High School Credit by Exam, High School Advantage, Career and Technical Education (ERESA and CCRESA), as well as HOPE and Promise Scholarships. For more information call 517-483-9707.

How Students Can Satisfy LCC General Education Requirements
For more information, see the Transfer Degrees (MTA) tab or Applied Degrees tab of LCC General Education.

All students must fulfill LCC General Education requirements in order to be awarded an associate degree. The ways in which students can satisfy these requirements are presented below. Because these requirements may be revised each academic year, students should consult an academic advisor to stay informed of current options for satisfying General Education requirements. Students should also be aware that not all courses that satisfy General
Education – Applied Degrees requirements transfer to all colleges. Students planning to transfer should see an academic advisor before enrolling in any course.

For degrees requiring General Education – Applied Degrees, students can satisfy the requirements in any of the following ways:

1. Achieve grades of 2.0 or higher in approved General Education – Applied Degrees courses. ([See the General Education webpage for the full list of options](#).)
2. Achieve a grade of 2.0 or higher on a Comprehensive Examination, where appropriate and available, for an approved course in a General Education area. Upon successfully completing the exam, the student receives transfer credit for the course. (A comprehensive exam is an exam for which the student completes an application, pays the $150 processing fee, and may receive transfer credit on their LCC transcript. See [Credit by Examination](#) procedure under the Incoming Transfer Credits header.)
3. Achieve a grade of 2.0 level or higher on a Core Area Proficiency Examination, where appropriate and available. Each exam is specific to a single General Education area or, for Mathematics, to a particular course, and is administered for a $50 fee in the [Course Testing Center](#) (GB 2228). Core Area Proficiency Examinations may only be taken once to satisfy a specific General Education area. ([See General Education Requirements webpage for more information](#).)
4. Present evidence of completed Michigan Transfer Agreement from an accredited college or university.
5. Present evidence of an earned associate degree or higher degree from an accredited college or university.
6. If no degree has been earned, transfer in comparable course credit for an approved course from an accredited institution. General credit does not apply unless the learning outcomes are aligned to the appropriate General Education outcomes and use of the general credit is approved by the Provost or designee.
7. Establish appropriate course credit through the Advanced Placement Examination (AP), College Level Examination Program (CLEP), DANTES Subject Standardized Tests (DSST), and/or others as recognized by LCC.
8. Establish credit for an approved course through the Experiential Learning Process. ([See Credit for Experiential Learning](#) procedure under the Incoming Transfer Credits header.)

For degrees requiring the Michigan Transfer Agreement (MTA), students can satisfy the requirements in any of the following ways:

1. Achieve grades of 2.0 or higher in approved MTA courses. ([See the General Education webpage, specifically the MTA tab, for a full list of courses](#).)
2. Achieve a grade of 2.0 or higher on a Comprehensive Examination, where appropriate and available, for an approved course in an MTA area. Upon successfully completing the exam, the student receives transfer credit for the course. (A comprehensive exam is an exam for which the student completes an application, pays the $150 processing fee, and may receive transfer credit on their LCC transcript. ([See Credit by Examination procedure under the Incoming Transfer Credits header](#).)
3. Present evidence of completed MTA from an accredited college or university.

4. Present evidence of an earned bachelor’s degree or higher degree from an accredited college or university.

5. If no degree has been earned, transfer in comparable course credit for an approved course from an accredited institution. General credit does not apply unless approved by the Provost.

6. Establish appropriate course credit through the Advanced Placement Examination (AP), College Level Examination Program (CLEP), International Baccalaureate (IB), or DANTES Subject Standardized Tests (DSST). Non-AP areas of prior learning - for example, College Level Examination Program (CLEP), International Baccalaureate (IB), and DANTES Subject Standardized Tests (DSST) – may satisfy LCC General Education requirements but are not applicable to the MTA at this time.

The following do NOT satisfy General Education requirements:

- LCC placement test scores
- A waiver of any course that is also a General Education course
- Completion of higher-level courses that are not approved General Education courses.

**Outgoing Transfer Students**
Students planning to transfer to another institution should be aware that universities and colleges differ widely in the courses they accept for transfer. A student intending to transfer should follow the transfer guide of the institution to which they intend to enroll. Transfer guides are not LCC degree guides. In order to achieve maximum transferability of courses, students should consult with an academic advisor. Visit the [Transfer Opportunities](#) webpage for more information about transfer programs. For additional transfer opportunities, view the [University Center](#) webpage.

**Student Bereavement**
Lansing Community College recognizes that students may experience the loss of a loved one while taking classes. If you have lost someone while actively enrolled in courses, you should consider the following:

- Reach out to your instructor(s) using their preferred method of contact to notify them if you need to miss class or coursework for bereavement purposes, such as attending a funeral, wake, memorial service, bereavement counseling, or other bereavement-related event(s). Contact information for your instructor(s) can be found on your course syllabus.

- If requested by your instructor(s), please be prepared to provide documentation of your loss (e.g., an obituary or funeral program).

- Work with your instructor(s) to determine if you are able to make up any missed coursework. Faculty are encouraged to be sensitive to a student’s grief. However, it is at the discretion of your instructor(s) to allow you to make up any missed coursework.

- Contact your [Success Coach](#) if you need assistance with reaching out to your instructors, making a plan to catch up in your course(s), withdrawing from courses, or connecting to on- or off-campus resources to assist you during this time.

- LCC offers free and confidential emotional support counseling by appointment. [LCC Counselors](#) are state-licensed, professional counselors who can help you with managing your loss.

For questions please contact the Registrar’s Office at 517-483-1200, option 2.

The Office of Student Compliance (OSC) at Lansing Community College exists to enforce the Student General Rules and Guidelines and Student Code of Conduct. Students attending LCC must abide by these regulations.

View [Student General Rules and Guidelines and Code of Conduct](#) in its entire form.
**Student Due Process**
Lansing Community College understands students are entitled to notice of the charges against them and the opportunity to present their side of the story. Students have constitutional due process rights that LCC will not violate. The College is constantly aware of the joint responsibilities, shared by the student body and the College, to uphold the principles of "due process" in all disciplinary action.

**Student Transcripts**
The Registrar's Office maintains the permanent official transcript of every student who attends the College. The transcript is a copy of the student's academic record and contains the signature of the Registrar. The transcript includes courses waived, courses attempted and completed, courses and credits transferred, credits awarded for experiential learning, credit hours, GPA points, Lansing Community College grade point average, current program and major, and associate degrees, certificates of achievement, and certificates of completion awarded by the College.

**Using a Course More Than Once for Credit Toward a Degree or Certificate**
In order to ensure that graduates from Lansing Community College are academically well rounded, students will not be allowed to use the same course more than once for credit toward a degree or certificate unless specifically required or permitted to do so by the curriculum they are following. Under no circumstances will a student be allowed to use the same course more than once for credit toward the General Associate Degree.
Student Academic Information

Academic Standing

Students must maintain at least a 2.0 cumulative Grade Point Average (GPA) at Lansing Community College to remain in Good Standing, which indicates Satisfactory Academic Progress. Students whose cumulative GPA falls below 2.0 will be placed on Probation 1, Probation 2, or Probation 3 standing, which indicate unsatisfactory academic progress. While on a Probationary standing, the student may have limits on registration for classes. In addition, students on a Probationary standing may be required to meet with a counselor or Academic Success Coach and sign a Success Contract prior to registering. Students can return to Good Standing by earning a cumulative GPA of 2.0 or higher.

Note: Only course work completed at LCC is considered for determination of academic standing. The academic standing is determined at the end of each semester (Fall, Spring, Summer).

Summary of Academic Standing Policy:

- **Good Standing**: Cumulative Grade Point Average (GPA) 2.0 or above.

- **Probation 1**: Cumulative GPA below 2.0; registration limited to 12 or fewer credits for Fall and Spring Semesters and six or fewer for Summer session, and student is encouraged to meet with an Academic Success Coach.

- **Probation 2**: Continued cumulative GPA below 2.0; registration limited to eight or fewer credits for Fall and Spring Semesters and four or fewer for Summer Session, and student is required to meet with a counselor or Academic Success Coach.

- **Probation 3**: Continued cumulative GPA below 2.0; registration limited to 4 or fewer credits for Fall and Spring Semesters and 2 or fewer for Summer session, and the student is required to meet with a counselor or Academic Success Coach during a meeting to plan their academic success and sign a Success Contract. Satisfactory completion of this plan as well as semester-by-semester subsequent plans will allow further enrollment until a satisfactory cumulative GPA places the student in good standing.

Students receiving financial aid or veterans benefits are required to satisfy specific additional academic standards to continue receiving financial assistance. See the [Financial Aid](#) page for more information.

Students in certain selective admission programs may have different standards for academic standing. See the [Selective Admissions](#) webpage for more information.
Students in Good Standing are eligible for the Dean's List and President's List each semester. The criteria for the lists are as follows:

**President's List:** GPA of 3.81 or above and completion of at least 6 credits for the calculated term.
- Students with "I" (Incomplete) or "W" (Withdrawal) grades for the calculated term are not eligible for this list.
- Calculations are based on LCC courses only (no transfer credits).

**Dean's List:** GPA of 3.50 to 3.80 and completion of at least 6 credits for the calculated term.
- Students with "I" (Incomplete) or "W" (Withdrawal) grades for the calculated term are not eligible for this list.
- Calculations are based on LCC classes only (no transfer credits).

View the complete Academic Board Policy [here](#).

*Revised 06/30/21*

**Auditing Courses**
LCC recognizes that there may be instances where a student may not require a numerical grade for an academic course. An "X" (audit) grade is given when a student chooses to audit a course. No credit is granted, but enrollment is reflected on the student's academic record. A student who registers as an auditor attends class regularly but does not take the final examination, does not receive an achievement grade, and does not receive credit for a course.

Students must meet all prerequisites required for the course regardless of their intent to take the course for credit or to audit the course.

Audited courses cannot be applied toward a degree or certificate and cannot be used to meet prerequisites.

The student can choose to audit the course at the time of registration. The college also allows students to change from credit to audit or from audit to credit by the end of the second week of classes (or other equivalent dates as specified for variable length courses).

Changes from credit to audit through the end of the second week for 16-week courses (and other equivalent dates as specified for variable length courses) do not require instructor approval.
Computing Grade Point Average

A student’s grade point average is determined on the following basis:

<table>
<thead>
<tr>
<th>Numerical Grade</th>
<th>GPA Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>4.0</td>
<td>4.0</td>
</tr>
<tr>
<td>3.5</td>
<td>3.5</td>
</tr>
<tr>
<td>3.0</td>
<td>3.0</td>
</tr>
<tr>
<td>2.5</td>
<td>2.5</td>
</tr>
<tr>
<td>2.0</td>
<td>2.0</td>
</tr>
<tr>
<td>1.5</td>
<td>1.5</td>
</tr>
<tr>
<td>1.0</td>
<td>1.0</td>
</tr>
<tr>
<td>0.0F</td>
<td>0.0</td>
</tr>
<tr>
<td>0.0U</td>
<td>0.0</td>
</tr>
</tbody>
</table>

“00A,” “0.0FA,” “0.0UA,” “FA,” ”I,” “NR,” “NS,” “P,” “TR,” “TRL,” “TRP,” “W,” ”X,” “ZF,” and “ZU” grades are not included in calculating grade point averages.

For example, a student who receives five credit hours of 4.0, five credit hours of 3.0 and five credit hours of 2.0 would have a total of 45 GPA points. To compute the grade point average (GPA), the number of GPA points is divided by GPA hours (credits) taken during the semester. The student in this example would have a 3.0 GPA (45 GPA points/15 credits).

Course Participation

Students are expected to participate in all sessions of each course in which they are enrolled.

When a student cannot attend class due to illness or other extenuating reasons, it is the responsibility of the student to contact the class instructor regarding the absence and to discuss alternatives regarding any required assignments.

Extra Credit Policy

Extra credit is defined as any opportunity for a student to raise a course grade that is not included in the percentages stated in the Methods of Evaluating Student Achievement/Progress in the section syllabus. Each department will determine for each of their courses and state in the course's Official College Syllabus whether or not extra credit may be offered.

In courses which might offer extra credit:

- Individual instructors will determine whether or not there will be extra credit opportunities in their sections.
- Instructors' extra credit policies will be stated in their section syllabuses.
In sections which offer extra credit opportunities:

- They must involve student work that is directly related to the Student Learning Outcomes of the course.
- They may be used to raise a student's final grade a maximum of 0.5 on LCC's 4.0 scale.
- All students in a section must have the possibility of earning extra credit; however, instructors may set eligibility criteria such as completion of all homework assignments or tests. These eligibility criteria may not be connected to a student's cumulative course grade and must be provided to students far enough in advance for all students to have the opportunity to satisfy the criteria.
- Detailed information, including any eligibility criteria, must be distributed in advance of each opportunity.

**Grades**

Grades are available on the web to students approximately five business days after the close of each semester. Students who have an overdue indebtedness to the College will not have access to their grades.

**Incomplete Grades**

An "I" (incomplete) will not be counted toward the establishment of an earned grade point average (GPA) or toward graduation from Lansing Community College. An instructor may approve a student-initiated request for an incomplete if only a small portion of the work remains (for example, only 20% of the work remains) and a compelling reason for the request exists.

After the instructor issues an "I" grade, a written "I" grade form will be provided to the student and the instructor's supervisor. The form will indicate what work needs to be submitted, the grade that will be assigned if no further work is completed, and the deadline for completion of the work.
All incompletes must be made up by the end of the next regular semester (summer semester is excluded) or earlier if an earlier date is established by the instructor or department. An extension may be granted if requested in writing by the student and approved in writing by the instructor and department by the last day of the deadline; otherwise, the "I" grade will be converted to the grade specified if no further work is completed.

*Note: A student may not register for the same course until the "I" grade is resolved.*

**Pass/Fail Grading (P/Z)**
The pass (P) / fail (Z) grading system has been established as a departmental option. This system is reserved for special course offerings where a pass/fail grading system is most appropriate for the goals and objectives of the course.

1. Course prerequisites and other criteria for enrolling in courses offered on the P/Z grading system shall be determined by the department offering the course.
2. Courses using the P/Z grading system will be published as being graded on the P/Z grading system, and the course syllabus shall be explicit regarding this fact.
3. Courses graded on the P/Z system may be counted toward an associate degree or certificate based on approval of the appropriate Dean. A maximum of 10 percent (10%) of the total credits required for a degree or certificate may be acquired on the P/Z system. With departmental approval, the limitation on the use of P/Z course credits for an LCC degree or certificate may be waived when incoming P/Z credits are directly related to the degree or certificate in a course of study.

Grading procedure of the pass/fail system is as follows:

1. Grades on the P/Z system are not included in computing the semester or cumulative grade average.
2. The grades granted on the P/Z system are determined with definitions of "P" and "Z" as follows:
   a. P (pass) represents a level of performance equivalent to a regular number grade of 2.0 or above on a 4.0 system; credit is granted.
   b. ZF (failed – finished) represents a level of performance less than a 2.0 on a 4.0 system when the student attempted the last graded assignment in course; no credit is granted.
   c. ZU (failed – unfinished) represents a level of performance less than a 2.0 on a 4.0 system when the student did not attempt the last graded assignment in course; no credit is granted.

All courses attempted on the P/Z grading system will appear on the student’s academic record. Policies pertaining to the issuing of "W" and "I" grades also apply to courses graded on the P/Z system (see Grading System webpage).

Repeating a Course
Repeated courses are defined as courses that the student enrolls in and attempts more than once. When a student repeats a course for a higher grade, the student's academic record and transcript will reflect every grade received for the course. However, only the highest grade is used in computing the LCC cumulative GPA and credits earned.

In cases where a student has an LCC course grade of 0.0F, 0.0U, 1.0, 1.5, or 2.0 and then transfers in an equivalent course and is issued a TR or TRP grade, the LCC course will be excluded from computing the LCC cumulative GPA and credits earned. However, the other institution's course grade will not be used in calculating the LCC cumulative GPA.

When a student receives a grade of less than 2.0, "W", “ZF”, or “ZU” for a course reported on the transcript and remains academically eligible to continue taking classes, the student may not enroll in the same course again without a permission form signed by an academic success coach. This intervention will help identify barriers to the student's academic success at the college. If the student receives a grade of less than a 2.0, "W", “ZF”, or “ZU” after their subsequent attempt(s) at taking the course, the student may not enroll again without another permission form signed by an academic success coach.

For Students Receiving Financial Aid:
Federal regulations limit the number of times a student may repeat a course while receiving financial aid for that course. This limit applies even if the student did not receive financial aid for earlier enrollments in the course.

- A student may receive financial aid to repeat a previously passed course (1.0 or higher) one additional time.
- A student may receive financial aid when repeating a previously failed course (0.0F, 0.0U, ZF, or ZU), regardless of the number of times the course was attempted and failed.
- A student who is taking a course that requires the student to enroll in for multiple times to meet degree requirements may receive financial aid for these courses. (Repeatable Coursework List).

If a student chooses to retake a course that does not meet the above criteria, the credits for the course will not count when determining federal financial aid eligibility (such as the Federal Pell Grant and Federal Student Loans); therefore, financial aid will be recalculated to exclude these credits. Also, financial aid must count every repeated course when determining credits attempted and earned.

Students in Selective Admissions Programs should contact the program for repeat policies specific to each program.

**Veteran and Active Military Student Course Withdrawal**

Before withdrawing from a course, students are strongly encouraged to discuss their situation with their instructor to see if other options exist. A student should withdraw from a course only as a last resort and only for a substantial reason. For example, the student might be facing a severe work or life crisis or might be having consistent, irremediable learning-related challenges in the course. Whatever the reason, before withdrawing from a course, the student is strongly encouraged to discuss their situation with the instructor and/or academic advisor to see if any other remedies (other than course withdrawal) might be available. Ultimately, if a student finds it necessary to withdraw from a course or from courses, they must follow the procedure specified by the college.

**A. Withdrawal Due to Extended Military Obligation**

Upon presentation to the college of deployment or extended training orders, students who are on military status and must withdraw from a course or from courses shall receive a 100% refund of tuition and course fees based on the form of payment method used by the student (cash, scholarship, tuition assistance, and the like). Students who experience a military withdrawal will not have the course or courses listed on their academic transcript.

Students who are on military status and who are receiving financial aid should be aware that withdrawing from a course or courses could impact their financial aid status. They are therefore strongly encouraged to consult with the LCC Financial Aid office as well as the LCC Veteran and Military Affairs office. Students who are on military status and receiving veteran benefits should be aware of the following:

a. LCC will be responsible for sending the refunded payment to the VA on behalf of the student for Chapter 33 Post 9/11 benefits.

b. Basic Allowance for Housing (BAH) payments for Chapter 33 Post 9/11 will be stopped as of the drop date for all dropped courses, and the student will be responsible for repaying the VA all BAH associated with the dropped courses from the beginning of the semester, or submitting Mitigating Circumstances to the VA.

c. Chapter 30 Montgomery GI Bill students will be responsible for repaying a portion or all funds provided to them by the VA, or submitting Mitigating Circumstances to the VA. Students will receive a 100% refund for tuition and course fees from LCC for the dropped course(s).

d. Chapter 1606 Selected Reserve GI Bill students will be responsible for repaying a portion or all funds provided to them by the VA, or submitting Mitigating Circumstances to the VA. Students will receive a 100% refund for tuition and course fees from LCC for the dropped course(s).
B. Federal Tuition Assistance (FTA) Funding Return

Per Department of Defense policy, any FTA funds associated with a dropped or withdrawn course, must be returned to the Department of Defense. These funds will be returned by LCC to the Department of Defense based on the following proration tables:

### 8 Week Courses:

<table>
<thead>
<tr>
<th>Drop/Withdraw</th>

</tr>
</thead>
<tbody>
<tr>
<td>Before or During Week 1</td>

</tr>
<tr>

</tbody>

### 16 Week Courses:

LCC will submit returns to the Department of Defense within 30 days of the course(s) being dropped or withdrawn from.

If a student withdraws from a course(s) due to a military obligation such as deployment or extended training, the FTA funds will be returned to the Department of Defense and the student will receive a 100% refund of all tuition and course fees from LCC for the Page 3 of 3 dropped course(s). Military orders must be submitted to the Office of Veteran and Military Affairs.

**Withdrawal (W)**

A "W" (withdrawal) indicates a withdrawal from a course. If a request for withdrawal from a semester-length class is received by the Registrar’s Office prior to the end of the second week of the semester (or other equivalent dates as specified for variable length courses), no grade will be recorded on the student’s academic record.

For withdrawals after the second week and before the end of the eighth week of the semester (or other equivalent dates as specified for variable length courses), the student will receive a W as the record of the course. For withdrawals after the eighth week of the semester (or other equivalent dates as specified for variable length courses), a W is given only if the student has done passing work (1.0 or higher).
To see calendar of withdrawal dates and refunds, go to:

Fall 2021
Spring 2022
Summer 2022

If the student has not done passing work, he or she will receive a 0.0. A student may request to withdraw from a class with instructor’s approval until the end of the fourteenth week of the semester (or other equivalent dates as specified for variable length courses).
Student Appeals and Complaints

Lansing Community College is devoted to the student’s success and is here to support with any complaints, concerns or problems the student may encounter. The College tracks, monitors and evaluates student complaints and appeals in order to make institutional improvements to better serve.

An appeal is defined as a request to review a previous decision and/or the process used in reaching the decision. The process will depend on the type of appeal involved. In all cases, students are required to state their appeal in writing at the time they begin the appeal process. A complaint is any concern that LCC has violated a law or policy or has incorrectly applied an established process.

Complaints or appeals may be academic or non-academic in nature and do not supersede or replace misconduct or grievance procedures already in place.

Prior to submitting a complaint or appeal, students are encouraged to do the following if applicable:

1. Approach their faculty member, StarZone, any service areas located on all campuses, or the LCC Ombudsman.
2. If the complaint cannot be resolved, please contact the Director or Associate Dean of the respective department or area of concern.
3. If the Director or Associate Dean is unable to resolve the issue, please contact the Academic Dean.

Appeals and complaints that have gone through the entire line of appeal as outlined in their respective procedures are considered final and binding on all parties involved.

Complaints involving matters of a criminal nature should contact Police and Public Safety at 517-483-1800, by email, or in person at the locations listed below:

- Main Campus: 411 N. Grand Ave., Lansing, MI 48933
- West Campus: 5708 Cornerstone Drive, Lansing, MI 48917

To review the full list of different types of appeals and complaints, go to the LCC Student Appeals & Complaints webpage.

Academic Amnesty

Lansing Community College recognizes students are unsuccessful academically for a variety of reasons. Those students may return years later finding their low GPA is a barrier to fields they might otherwise be ready to enter. LCC has an Academic Amnesty Policy in order to allow such students a second chance. This “forgiveness” will eradicate 0.0s from the student’s GPA under carefully controlled conditions.
**Administrative Appeals**
Due to mitigating circumstances outside of the student's control that results in negative outcomes on their academic or financial record, LCC students may submit an administrative appeal to request an exception to college policy regarding refund deadlines.

**Cancelling Course Sections**
In the event a class is canceled as a result of College administrative action, students in such class will receive 100% tuition and fee refund. Exceptions:

- non-refundable course fees are subject to refund only after verification of services/materials not received by student
- registrations fees are not refundable Board Policy

To view the Cancelling Course Sections Board Policy, please visit the Board of Trustees webpage.

**Course Participation Verification Policy**
Lansing Community College (LCC) is not an attendance-taking institution. LCC has a process to determine and confirm each student starts each course within the semester. LCC's academic calendar consists of two 16-week semesters (fall and spring) and one 12-week summer semester.

**Course Withdrawal Procedure**
Although the College is committed to helping students be successful in their courses and remain on track to complete their educational goals, on occasion it might be in the best interest of the student and/or the College community that a student withdraw from or be withdrawn from a course or from courses prior to the end of the course(s).
