1. Purpose
To allow students who may have previous knowledge or experience to prove competency when appropriate and gain credit by comprehensive or other applicable exams.

2. Scope
This procedure pertains to current students requesting credit for certain courses by taking comprehensive or other applicable exams, program administrators responsible for authorizing testing for credit, faculty members grading the exams, and the Transcript and Academic Record Coordinator.

3. Prerequisites
A student may obtain credit for certain courses by taking a comprehensive or other applicable exam, if available.

Regardless of the number of credits transferred in, Lansing Community College (LCC) Associate Degrees require that at least 15 semester credits toward the curriculum be earned directly from LCC (except for approved consortial programs taught primarily by partner schools), and LCC Certificates of Achievement and Certificates of Completion require that at least one-fourth of the semester credits toward the curriculum be earned directly from LCC (except for approved consortial programs taught primarily by partner schools).

Appropriate credit by examination is applicable toward LCC General Education requirements for all degrees, including degrees that otherwise would require completion of the full Michigan Transfer Agreement (MTA). However, due to statewide rules, credit by examination is not applicable to the MTA endorsement at this time.
