

**Articulation Agreement  
between  
Bay de Noc Community College and Lansing Community College  
Water Resource Management AAS Degree**

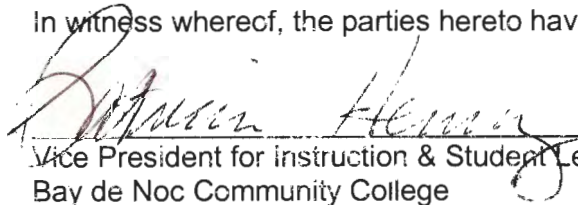

Bay de Noc Community College agrees to accept courses identified in this agreement. Bay de Noc Community College and Lansing Community College agree to provide the necessary information and guidance for their respective students and to inform them of the availability of the Water Resource Management program.

If programmatic revisions or State of Michigan Water or Wastewater Certification changes occur, it will be the responsibility of Bay de Noc Community College to promptly inform Lansing Community College of the required changes or revisions to the program. Both institutions will jointly review the changes to determine any required revisions to the articulation agreement.

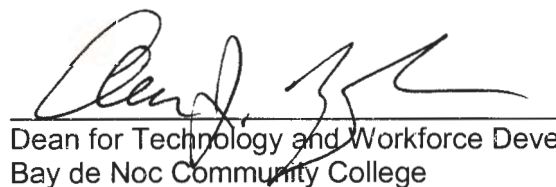

The agreement is continuous from year-to-year; however, either party may terminate this agreement if notice is given in writing at least twelve (12) months prior to the date on which the termination is to become effective.

This agreement shall be reviewed annually or upon request and is subject to change by the mutual consent of the parties, and such changes shall become part of this agreement.

In witness whereof, the parties hereto have executed this agreement:

## Bay de Noc Community College and Lansing Community College

### Transfer Guide

#### 1+1 Associate in Applied Science in Water Resource Management

This articulated 1+1 program will allow a student to complete an Associate in Applied Science Degree in Water Resource Management. After completing a basic Freshman year curriculum in science, students may transfer to Bay de Noc Community College for specialized courses in Water Technology. Upon graduation, students are awarded an Associate in Applied Science Degree and are immediately eligible for certification and entrance into the water/wastewater treatment industry.

Students must attain a cumulative average of “C” to transfer to Bay de Noc Community College.

Graduation Requirements include:

Minimum: 72 credits  
Minimum: 2.0 cumulative GPA
