

Lansing Community College (LCC)  
Articulation Agreement and Transfer Guide

The School of Education offers an exemplary program in Elementary Education designed to provide a balanced blend of theory and practice. Throughout the program students will complete at least 600 hours in a variety of hands-on, field-based experiences in the PK-3 or 3-6 classroom. Our class sizes of 20-25 students guarantee that all students receive the attention they deserve. A background in state-of-the-art educational technology prepares students to integrate computer technology into instruction.

The professional education courses include field-based experiences supervised by instructional teams comprised of teacher educators, professors from the content area disciplines, and expert PK-6 teachers.
