How job placement rates are calculated:

Select graduates of career-related (occupational) degrees and certificates who answered the employment status question on the Graduate Follow-Up Survey

Number of graduates who reported being employed, military, or apprenticeship / (Total number of graduates responding to employment status question – Number of graduates who reported they were not employed but they were not looking for employment) = Job Placement Rate

LCC provides equal opportunity for all persons and prohibits discriminatory practices based on race, color, sex, age, religion, national origin, creed, ancestry, height, weight, sexual orientation, gender identity, gender expression, disability, familial status, marital status, military status, veteran’s status, or other status as protected by law, or genetic information that is unrelated to the person’s ability to perform the duties of a particular job or position or participate in educational programs, courses, services or activities offered by the College.
