## LCC Aviation Technology Program Gets New Plane

1985 Cessna 172, LCC Aviation

The LCC Aviation Program, through assistance from the LCC Foundation (gift from the Gerald & Dorothy Francis Estate) and the State of Michigan, has procured a great addition to our program aircraft fleet. The 1985 Cessna 172 will represent a "customer's airplane" for our students and assist them in understanding the customer service segment of aviation maintenance operations, as they perform assigned maintenance on the aircraft.

For more information about how you can make an estate gift through the LCC Foundation visit: [lcc.edu/plannedgiving](http://lcc.edu/plannedgiving). You can learn more about LCC's Aviation Technology Program at: [lcc.edu/aviation](http://lcc.edu/aviation).
