

Lansing Community College Foundation|Alumni Association
November 2016

On behalf of the LCC Foundation Board of Directors and staff, we are pleased to announce a new initiative to increase awareness of the Foundation's important mission, and to highlight the success that we are achieving because of your support.

As a loyal supporter, we want you to be the first to see our new look and scholarship appeal. The Foundation has entered into an exciting relationship with the LCC Marketing & Communications department. Together we have worked on a creative new way of telling the story about the role that scholarships play in our region's economy and the prosperity of its residents. Donors help to educate and elevate the community.

Same critical mission – fresh new look. For a sneak peek visit: www.lcc.edu/heroesneeded.

We live in a community of heroes who support the mission of the LCC Foundation because they know that their scholarship support is what will build up our region.

Donate|Educate|Elevate!

Thank you for being one of our heroes!
