GENERAL PROGRAM INFO

The Human Services (HUSE) program is an open enrollment program designed to provide students with skills needed to enter the human services field as well as to further their education and professional development. For persons already employed in the field, it provides an opportunity to strengthen knowledge and skills to work more effectively with others and opens new job opportunities. The program assists students planning to transfer to four-year colleges and universities in many human services areas. All students receive an education in addiction, aging, family, and human services. Students demonstrate their learned professional skills during a ten hour a week, consecutive two-semester, supervised practicum in a human services agency when working on the Certificate of Achievement and the Associate Degree. More information on this program and careers visit the program website (<https://www.lcc.edu/academics/health-and-human-service-careers/human-services/>).

Human service professionals hold positions in group homes and halfway houses; mental health and correctional centers; family, child, and youth service agencies; and various community and nonprofit organizations. Positions are found within programs concerned with addiction, family services, domestic violence, and aging. Roles include helping others obtain services, organize or lead group activities, assist clients in mastering everyday living skills, monitor and keep records, or oversee group home residents. Job titles may include: social service technician, case management aide, community outreach worker, residential counselor, eligibility specialist or mental health technician.

Agencies may require additional checks such as Department of Health and Human Services (DHHS) Central Registry, fingerprinting, drug/alcohol screening, and/or other checks/testing before consideration of placement and/or during placement in their agency.

Students are required to adhere to the policies and procedures set forth by the agency, and may be dismissed from practicum and/or the program at any time for noncompliance. All costs related to these additional requirements are to be paid for by the student.

Students are required to disclose any information which may negatively alter their previously submitted background checks and/or practicum application within 72 hours of the incident to the Human Services Program Director (517) 483-1972. Failure to self-disclose adverse information may be considered grounds for removal from the agency, and/or practicum and/or the program.

- **Criminal Background Check:** Any student with a misdemeanor and/or felony conviction is required to meet with the Human Services Program Director before applying for HUSE 282 (Practicum I) and HUSE 284 (Practicum II). Students may request this option via their LCC profile. The student's Chosen/Preferred Name may be used in many contexts, including class rosters, ID Cards (by request), Desire to Learn (D2L) course sites, and more. However, LCC is legally required to use a student's Legal Name for some things. This includes at all clinical and externship sites, on immunization and medical records, official transcripts, diplomas, financial aid records, and more. More information is available on LCC's Chosen Name and Chosen Pronoun initiative site (www.lcc.edu/diversity/chosen-name.html).
