Nursing Program GPA Calculator

Instructions

For each course you completed:

1. Enter credits manually using two decimal places (for example, 3.00) or select the amount of credits from the drop down.
2. Enter your highest grade (within 2 attempts).

**If you did not complete a course or it was waived by a degree, AP exam, or CLEP score, select 0 for the credit and enter 0 in the grade field for those courses.*

***Letter grades must be converted to numbers using the grading scale found in the Nursing Advising Guide.*
