HAVE THE PROTECTION YOU NEED WHEN IT MATTERS MOST

No one likes being sick. And if it’s a serious illness, it can impact your life in so many ways – emotionally, physically and financially. Critical Illness insurance can make it all easier to handle. Of course your health insurance will help cover medical expenses. But what about all of your other household bills? Those aren’t going anywhere just because you’re ill. Critical Illness insurance can help.

CASE STUDY

ROOM TO BREATHE

Liz is a single mom of two preteen girls. There are dance lessons and music lessons and soccer practices. In other words, Liz is running full speed all the time to keep up with her girls’ schedules – not to mention her work.

And then there was her annual mammogram – the one that she barely had time for. The one that caught her breast cancer early and saved her life. But after that mammogram, there was surgery and chemotherapy treatments. This wasn’t something she’d planned. How would she manage it all? Her parents could help with the girls, but what about the bills? Then Liz remembered it was going to work out because she had Critical Illness insurance.

With her benefit, she was able to pay down her health insurance deductible to keep things moving in the right direction financially for herself and her girls. Having the money they needed to pay for recital costumes, car payments and someone to take care of the lawn while Liz took care of herself.

A serious illness doesn’t have to cost your family so much financially. Critical Illness insurance can help.
