

Frequently Asked Questions

THE
POOL

What is the Virta treatment?

Virta is a treatment that safely reverses type 2 diabetes without the risks, costs, or side effects of medications or surgery.

How does Virta reverse type 2 diabetes?

Virta is very different from other diabetes treatments. Virta teaches you how to change your diet so that your body burns fat for energy.

This lowers your blood sugar and need for diabetes medication. Imagine eating eggs, bacon, and avocado for breakfast!

We change *what* you eat, not how much you eat.

By changing what you eat, you can reduce your blood sugar and the need for expensive medication!

We fully support those who want to exercise, but it is not required to achieve diabetes reversal.

How does Virta work with my specific lifestyle?

We personalize everything: food preferences, food access, religious beliefs, and more—we customize and design the Virta treatment to make sure that it works for you.

What does the Virta treatment include?

Unlimited 1:1 health coaching

Free diabetes testing supplies like meters and strips, delivered right to your door!

Doctor-driven support

Smartphone app for tracking ketones, glucose, and weight

On-demand resources like recipes, grocery lists, meal plans and more!

What does this cost?

The Pool fully covers the cost of Virta (valued at over \$3,000) for you and your eligible family members with type 2 diabetes. Apply today to begin your journey toward better health!

This seems great! How do I start?

This process is very simple! After you apply, you'll be connected with an enrollment advisor who can answer any questions and help you start your journey towards better health!

Apply today at

Virta is available to The Pool members and eligible dependents between the ages of 18 and 79 who are enrolled in a health plan through Priority Health or Blue Cross Blue Shield of Michigan. This benefit is currently being offered to those with type 2 diabetes. There are some medical conditions that would exclude patients from the Virta treatment. Start the application process now to find out if you qualify.
