**LCC in Global Climate Theatre Fest**

Students from across the college shared performance, poetry and art on climate fears and hopes at LCC’s contribution to the biennial Climate Change Theatre Action festival. Held Dec. 1-2 in the LCC Black Box Theatre with over 100 people attending, “All Good Things Must Begin” was a multidisciplinary collaboration with six short plays from different countries, poetry created through LCC’s Community-Generated Poetry Project and event posters designed by Art Community-Generated Poetry Project countries, poetry created through LCC’s.

Four of the students participated in Nursing Assisting, a skills demonstration event, and the other two students competed in the Medical Terminology knowledge test.

Four of Eaton RESA’s six competitors qualified to advance to the HOSA State Leadership Conference in Traverse City in April 2024. Regional competitors included:

- Kayla Callegari (Grand Ledge): Medical Terminology – 2nd place/state qualifier
- Bella Dankert (DeWitt): Medical Terminology – state qualifier
- Lilly Davis (Grand Ledge): Nursing Assisting
- Hannah Fyan (Lakewood): Nursing Assisting
- Sydney Leinbach (Lansing Eastern): Nursing Assisting – state qualifier
- Kiera Towell (Charlotte): Nursing Assisting – state qualifier

All six student competitors worked hard and represented Eaton RESA well. We are proud of their efforts and commitment to their future!

**ERESA students attend conference for health occupations students**

Six students from LCC/ERESA who are enrolled in Dr. Teresa Seigle’s Health Technology II attended the Health Occupations Students of America’s (HOSA) Future Health Professionals Region 3 Leadership Conference on Dec. 2 at Bedford High School in Temperance, Michigan. HOSA is a global, student-led organization recognized by the U.S. Department of Education and Michigan’s Department of Health and Human Services to empower future health professionals.

Four of the students participated in Nursing Assisting, a skills demonstration event, and the other two students competed in the Medical Terminology knowledge test.

**First Annual Spring 2024 New Student Kickoff a success**

On Wednesday, Jan. 3, the Student Affairs Division enthusiastically welcomed 54 new students, accompanied by 49 guests, to a New Student Kickoff. This event serves as a valuable opportunity for students to familiarize themselves with the campus and engage with our campus partners. Our dedicated staff and volunteers facilitated campus tours, addressed last-minute inquiries and ensured students were well-prepared for the spring semester.

Marketing helped to promote the New Student Kick-Off by sending out emails to new LCC students, posting on social media and creating digital graphics. We are thrilled we were able to award scholarships to new students passing the exam on their first try. The LPN pass rate hasn’t been above 90% since before 2018. The 2023 annual average for the LPN pass rate is at 89.94%.

**Licensed Practical Nurses (LPN) Pass Rate**

Nursing students have the opportunity to take the LPN NCLEX exam, which is the national exam for Licensed Practical Nurses. LCC is proud to announce that the reporting numbers from the State of Michigan are in, and the second half of 2023 was a record breaker with 91.3% of students passing the exam on their first try. The LPN pass rate hasn’t been above 90% since before 2018. The 2023 annual average for the LPN pass rate is at 89.94%.
Technical Careers Division

Air Lift Tour of Automotive Lab
On November 21, Technical Careers Division staff hosted a member of the Air Lift team for a tour of the Automotive Lab. While on campus, they were able to speak with the lead faculty member about LCC, information on the program, and ways that we can partner together to create opportunities for LCC students.

Finals Frenzy Week Activities
From December 4 through December 11, West Campus hosted a Finals Frenzy table for students and faculty for their last week of courses/finals week. Attendees enjoyed holiday-themed snacks, popcorn, stress reliever stars and Kona Ice.

Lansing Catholic High School Visit
On December 5, Lansing Catholic High School visited West Campus for a group tour. The students heard a Technical Careers presentation, participated in a Fire Academy hands-on session, took a walking tour of the building, and participated in a robot building competition.

Capital Area Tech Hub Community Mixer
On December 5, the Capital Area TECH Hub held a community mixer with its planning committee and members at BJ’s Brewhouse in Lansing. The event was attended by Kelsey Lorichon, Nicole Ross, and Interim Associate Dean/CIT Program Director Dennis Pipper of the Technical Careers Division. They were able to make new connections and strengthen existing connections with the local tech community at the event.

Eaton Rapids High School Career Fair
On December 13, Nicole Ross of the Technical Careers Division attended the Eaton Rapids High School Career Fair. The goal of this event was to educate soon-to-be graduates on career opportunities available in the local community. The event was interview-style, and students had the opportunity to ask the company representative questions about their role.

New Student Orientation West Campus Tour
On December 19, Allison Snyder and Nicole Ross of the Technical Careers Division gave a West Campus tour to students who attended new student orientation with the LCC Admissions team. Participants saw the locations of their classes for the upcoming Spring 2024 semester, and asked any additional questions they had.

Aviation Technology Student Awarded Scholarship
Aviation Technology student Andrew Brown was named the recipient of the 2023 – 2024 Newberry Aviation Scholarship. He has been awarded $2500 towards his education at LCC’s school of Aviation Technology. Additionally, Andrew received a free, one-year honorary membership in Experimental Aircraft Association (EAA) Chapter 55 and a free six-month membership from Experimental Aircraft Association National.

Shiawassee RESD Electrical Visits Electrical Technology at West Campus
On November 28, 30 students from the Shiawassee Regional Education Service District (RESD) Electrical program visited West Campus to take a deeper dive into the Electrical Technology program as well as try their hand at programming FANUC robots in Mechatronics. They enjoyed their introduction to Robotics and used prior electrical knowledge to see what awaits them if they continued with the program in Technical Careers.

Stockbridge High School Visits West Campus
On November 29, 11 students from Stockbridge High School visited West Campus. Students engaged in hands on sessions with mechatronics and drones. Students also received presentations from: Technical Careers Division, Admissions, LCC Foundation (Scholarships), and Aviation Maintenance Technology.

West Campus Visits Ovid Elsie Middle School
On December 1, Secondary to Post-Secondary Program Coordinator Allison Snyder presented to one hundred and ten sixth graders at Ovid Elsie Middle School. Allison presented about Lansing Community College and programs available in the Technical Careers Division.

Wilson Talent Center Hosts Mock Job Fair
On December 13, Secondary to Post-Secondary Program Coordinator Allison Snyder attended a mock job fair at Wilson Talent Center. The mock job fair was designed to mirror an actual job fair in as many ways as possible. Students were also offered tips on resumes and interviewing. Allison met one-on-one with approximately 15 students at the event.
Marketing Department

Selected promotional materials for LCC events and programing.

New Student Kick-Off Spring 2024
Marketing supported the first spring semester New Student Kick-Off through social media posts, email campaign to new students and printed materials. In addition, an RSVP link, landing page and email invite to students were created.

Finals Frenzy Fall 2023
In December, Marketing provided social media and website support for Finals Frenzy activities and events. The support included social media posts and events were added to the academic calendar online.

Notable Marketing Web Development Activities
Marketing’s web team hosted multiple website trainings for content and calendar editors, tested and analyzed GA4 tracking to follow user paths in forms. The web team helped identify a bottleneck in the college application - hold form. The web team also added updated campus photos to google maps. In addition, the academic calendar dates have been regularly added to the college events calendar for one year now by the web team.

Livingston County Center
In December, the Livingston County Center’s marketing awareness campaign continued. Marketing promoted awareness through the use of updated social graphics and a postcard that went out to Livingston County households of graduating seniors.

Community Outreach: Homeless Angels of Lansing
A community support initiative supporting Homeless Angels of Lansing took place in the Cesar E. Chavez Learning Center in December. Marketing promoted this initiative via campus digital signs, social posts and website.

2023 Help-Portrait
The annual event was held in December. This family-friendly event was open to the public and was promoted through social media, campus digital signs and website.
Fourth Quarter Web Report 2023

The web team resolved 223 tickets. Making a total of 849 resolved tickets for 2023.

Ticket Report 2023 Web Development Team.xlsx

Notable highlights:

- Justus completed his W3C Front-End Developer Professional Certification. This included in-depth training and testing in HTML5, CSS, JavaScript, JSON, Web Accessibility, and more.
- Implemented the same highly effective Youth Program system to the Job Training Center and Adult Enrichment Program web pages. This provides a more intuitive way for visitors to explore class options.
- Automated external LCC calendar sources to feed into the LCC College-wide Calendar. After reverse-engineering the website’s backend systems, the LCC Stars Athletics calendar now provides events into the lcc.edu calendar.
- The Kaltura website video player has been manually updated to V7 on all website instances. This provides a better modern visitor experience and solves many accessibility issues that previously required workarounds.
- Collaborated closely with the Compliance office to review and update all necessary public website information to be audited.
- Registration process bottleneck found via analytics. Registrar collaboration resulted in link modification and lowered bounce rate on 11/29/23.
- The Star newsletter website now has search capability. To keep The Star information hidden from the public, we developed a workaround using the RSS feed to create a search index.

LEADERSHIP, CULTURE AND COMMUNICATIONS

Job Training Center Programs

Marketing promoted a short-term training social media promotion. Both Book Keeping and Tech Support Specialist trainings were highlighted trainings offered by the Job Training Center.

Secure Your Future.

Change your life in ten weeks.

Social Media Analytics Key

Total Posts
How many times a video, image, tweet, article, etc., was sent out on a given social media platform that month.

Follower +/-
How many users that decided to follow or unfollow a social media page in a given month for each platform.

Reach
A metric that refers to the number of users who have encountered a particular content on a social media platform.

Total Monthly Reach
This metric is estimated by each platform. It is a give-or-take of how many users in total viewed any content from a social media page that month. It shows roughly how big of a net is being cast.

Average Reach per Post
This is not an estimate like the “Total Monthly Reach” stat. This is calculated by taking the reach for each post that month and then dividing it by the total number of posts that month. It gives an idea of how many users, on average, came across a post from a given platform that month.

Engagements
Engagements are generally defined as when someone interacts with a post. What constitutes an engagement varies by platform. Examples of engagements include liking a post, commenting, sharing, saving, clicking on a link, clicking on an image, or re-sharing a post.

Total Engagements
The total sum of engagements for each post from each platform in a given month.

Average Engagements
‘Total Engagements’ divided by ‘Total Posts’ for each platform. Gives an idea of how many interactions from users/followers one could expect for an average post during the month for the specified platform.

Engagement Rate
Also referred to as Engagement Rate by Reach (ERR). This divides the ‘Average Engagements’ metric by the ‘Average Reach per Post’ metric. Essentially, this measures the percentage of users who chose to interact with a post after seeing it on the specified platform.

The following are the top posts for LCC Social Media during the month of December.

**LinkedIn**
2,768 Reach · 91 Engagements

**Facebook**
8,638 Reach · 494 Engagements

**Twitter**
212 Reach · 25 Engagements

**Instagram**
1,229 Reach · 197 Engagements
The following is a breakdown of how LCC performed on our social media channels in December.

Case Study – Elf on the Shelf Social Media Contest 2023

The challenge
Connecting with students at Lansing Community College via social media.

The plan
Conduct an end-of-semester social media giveaway contest with a fun holiday theme. Having done some demographic research, Public Relations determined that Instagram would be the most effective channel to reach current students through a contest. The contest entailed students guessing which part of LCC’s campus an elf on the shelf doll was “visiting.” The incentive for student participation was a prize pack with a gift card to Chick-fil-A, a gift card to Cravings Popcorn, a gas card, and a gift card to the LCC online store.

Execution
The Digital Media Strategist collaborated with the Marketing department to prepare a graphic to go along with the contest. The DMS then traveled around LCC’s campuses and captured five photos of the Elf at various locations around LCC. The Digital Media Strategist then posted these images to the LCC Instagram account and monitored each day during the week to determine which students answered correctly the quickest. Once winners were determined, they were verified as currently enrolled students and met with the Digital Media Strategist at Washington Court Place to collect their prize and get their photo taken.

In total, nine posts were published on the main LCC social media accounts from Nov. 28 through Dec. 14. These included promotional posts announcing the contest, the actual Instagram contest posts, and wrap-up/congratulatory posts for our student winners.

The Results
- Fifty-one new followers on LCC’s Instagram (@lccstars) during the two-week period between Nov. 28 (Contest announcement date) and Dec. 14 (Contest wrap-up date).
- Reach of 1,900 during the two-week period between Nov. 28 and Dec. 14. For context, The LCC Instagram account had a Reach of 1,784 last year during the Elf on the Shelf contest. The year prior, when no contest was held, Reach was 1,491 during that time period.

Insights
- Instagram proves to be one of the best platforms for interacting with students.
- This year’s contest allowed PR to showcase several different areas at the college in an engaging way, including the new Secure Bike Storage Area, The Gannon Gymnasium, The Writing Center, The Learning Commons, and LCC’s Aviation Maintenance Technology Center.
- After talking with each of the winners, it was confirmed that this contest was a fun way for students to destress during the busy time of year with finals/end of the semester.
- With December traditionally tapering off in terms of content and social media engagement, this contest was a great spark during an otherwise slower month.
- An added bonus of running social media contests like this is the potential to create “brand advocates” that will, in turn, speak favorably about LCC to their social circles. Perhaps a future contest could lean into this idea more and incentivize the “sharing” component of social media.
Holiday Family Sponsorship supports five LCC student families

The Adult Resource Center organized its annual Holiday Family Sponsorship at the end of 2023. Five LCC families were selected, and departments and individuals across campus purchased more than 100 gifts from families’ wish lists. Donors also ensured each family received essential items, like winter gear and food assistance. We thank our generous community for their support in helping spread holiday cheer!

Mock Career Fair held at Wilson Talent Center

On Dec. 13, Bridget Ward from the Health and Human Services Division participated in a mock career fair for high school students at the Wilson Talent Center. At this event, students had their résumés, cover letters and interviewing skills critiqued by community members role playing as recruiters for a local company. Students were also able to ask questions and get tips to prepare them for college and future careers.

Athletics Newsletter

The Athletics Department at LCC launched a weekly newsletter during fall semester. Their main audience for the publication is local high schools and provides an opportunity to share on campus events and highlights about their former student athletes.

Conference Services report of December events

Downtown Campus

Dec. 1

Rotary

Rotary held their weekly meeting in the Michigan Room for 75 people.

Dec. 2

Help Portrait

The third annual Help Portrait event was held in the Commons. About 40 families attended this event, enjoying free family photos, a holiday movie, cookie decorating, a hot cocoa bar and more.

Dec. 5

C3R Data Engagement Meeti

The C3R data team held their engagement meeting with local partners in the Michigan Room for 30 people.

Dec. 6

Foundation Board Meeting

The Foundation Board held their meeting in Gannon Building 2214 for 25 people before their annual holiday party.

Foundation Holiday Open House

About 100 people attended the annual Holiday Open House in the Gannon Conference Center.

Dec. 7-8

Thespians

The Thespians held their main conference at the Lansing Center and used 13 classrooms in Gannon for breakout performance sessions.

Dec. 8

Rotary

Rotary held their weekly meeting in the Michigan Room for 75 people.

Dec. 11

ELT Retreat

ELT members and invited guests met with consultants for an all-day retreat in the Michigan Room.

Board Meeting Reception

About 50 people gathered before the December Board meeting in the Administration Building Boardroom for a dessert reception.

Dec. 12

Nurse Pinning

Nursing held their December pinning ceremonies in the garden level of the HHS Building.

Competitiveness and Innovation

Small Business Development Center (SBDC) impact metrics for January 1 to December 31, 2023

SBDC consulted with 481 business clients to start or grow their businesses. Other impact metrics:
+ Delivered a total of 3,184 consulting hours
+ Helped those clients secure $10,980,773 of new capital to launch or grow
+ Helped create 47 new businesses
+ Helped create 115 new jobs
+ Delivered 22 trainings to 154 training participants
+ Duplicated headcount: 2,298

Small Business Development Center (SBDC) Staff closes year with Strategic Planning

The Capital Region SBDC staff wrapped up the year with a thoughtful strategic planning session to set the course for 2024. A major focus will be to expand outreach and engagement to underserved populations who often lack access to the education or resources required to start a business or help it to flourish. This effort will build on SBDC’s track record of 41% minority-owned business engagement for 2022 and 45% for 2023. Here’s to another year of helping small businesses succeed!
The Business and Community Institute (BCI)

BCI Trains General Motors Lansing Regional Stamping (LRS)/Lansing Grand River (LGR) on EDM Wire

General Motors selected BCI to deliver EDM Wire training at the LRS Plant in Delta Township. This program was designed to provide the skills in programming on Wire EDM Machining, which provided an understanding of basic introduction to CNC coordinate systems and learning how to read and interpret CNC code. Participants were introduced to operations and procedures for EDM machining system which Included wire EDM overview, EDM operating processes, EDM machine functions, EDM manual part programming, and EDM machining operations.

BCI Trains Peak Performance Physical Therapy on Reinforcing Leadership Development

BCI provided training for the Peak Performance Physical Therapy Leadership Team. Reinforcing Leadership Development training is an interaction management program, from which managers obtain skills and resources they need to support their leaders before, during, and after training. This training supports the organization’s goal of realizing a return on their investment in leadership development.

BCI Trains Dean Transportation on School Bus Healthcare and First Aid, CPR, AED

BCI delivered training to more than 400 Dean Transportation School Bus Drivers at 10 locations throughout Michigan. Training included Heartsaver® First Aid, CPR, AED, where participants learned how to provide first aid, CPR, and proper use of an automated external defibrillator (AED) in a safe, timely and effective manner. Additional customized training in School Bus Healthcare was delivered as well. This training provides all new drivers with as many necessary skills as possible to prevent and/or respond to situations they may encounter with their riders.

Job Training Center represents LCC at MEDC semiconductor grant announcement

BCI completed a year-long training with the Executive Leadership team from Crowne Plaza Lansing West. This customized training included topics such as company Vision, Building and Sustaining Trust, Coaching, Difficult Conversations, and Communication with Impact.

BCI Trains LCC Student Affairs on DiSC and Sales Techniques

BCI delivered training for the Lansing Community College Admissions team on the topics of Everything DiSC and Sales Techniques. During the DiSC® Workplace Behavior Styles training, participants learned their own workplace behavior style and that of their colleagues. Using cutting edge behavioral research, the DiSC® training module actively engaged participants in the exploration and utilization of interpersonal communication. Additional training included sales techniques and approaches. Participants engaged in a discussion and applied communication and sales approaches based on the differing personality types.

BCI Trains Capital Area Michigan Works on Emotional Intelligence

BCI delivered Emotional Intelligence training to members of the Capital Area MI Works! team. This course instructed and informed participants on the subject of emotional intelligence, the ability to understand one’s feelings and those of others, and how these emotions influence motivation and behavior. Course participants were exposed to appreciative inquiry, positive thinking, and the importance of recognizing and rewarding positive contributions in others.

BCI Institute Trains Ultium Cells on Leadership

Ultium Cells selected the BCI to deliver Leadership training at the Lansing Community College University Center. Topics included: who’s in charge, styles of leadership, true leadership, trust and respect as tools, what makes people want to follow, and who today’s worker is.

BCI Trains Ultium Cells on Fluid Power

Ultium Cells selected the BCI to deliver Fluid Power training. This training provided the learner with a basic understanding of pneumatic systems. By completing this program, the learner developed an understanding of pressure, force, area, and other pneumatic properties; operation of pneumatic components; and identification of the operation of a pneumatic system diagram. Objectives were achieved through a combination of classroom lectures, demonstrations, and hands-on activities.

BCI Trains Ultium Cells on PLC (Programmable Logic Controller)

Ultium Cells also selected the BCI to deliver PLC training at the University Center. The training was designed for an entry-level machine tool technicians, supervisors, and controls technicians to install, program, and troubleshoot an S7-1500 Fail Safe Processor and a Simatic ET 200SP Remote Rack with multiple input/output modules.

The BCI provided large monitors, VFDs (Variable Frequency Drives), and PLC Trainers.
BCI Trains Ultium Cells on Microsoft Excel

Ultium Cells selected the BCI to deliver Microsoft Excel training at the University Center. This training provided participants with the ability to perform the most common spreadsheet features. Participants created, edited, formatted, and printed basic worksheets and charts in Excel.

BCI Ultium Cells on Microsoft Outlook and Microsoft Teams

Ultium selected the BCI to deliver Microsoft Outlook and Microsoft Teams training at the University Center. This training was designed to provide participants with the basic skills needed to start using Outlook 2013 to manage their email communications, calendar events, contact information, tasks, and notes. The training also provided participants with the skills needed to be able to navigate and utilize Microsoft Teams.

Community Education and Workforce Development (CEWD) Spring Kickoff

CEWD division hosted a kickoff for faculty, staff, and administrators on January 3, 2024, at LCC East Campus.

Professional activities included guest speaker Bryan Gilreath, who presented on the 7 Habits of Highly Effective Leaders. Lunch was provided for all in-person participants.

Many CEWD faculty members hold primary appointments within other LCC divisions. CEWD holds a kickoff near LCC’s college-wide Professional Activities (PA) Days so we may celebrate the start of the Spring semester together without asking faculty with other assignments to choose which division’s PA event to attend.

CEWD “Likes the Mic”, thanks to help from ITS’s Patrick Butcher, who helped us utilize LCC’s Catchbox microphones. The Catchboxes increased accessibility at the event by amplifying those speaking. The mics also improved the listening experience for those joining via WebEx.

In total, 46 CEWD attendees participated in the event either in-person or using the remote option.

End-of-semester programs in the Office of Diversity and Inclusion (ODI) send students into break with new skills

ODI’s final week of fall semester programming was full of meaningful community engagement!

In LUCERO, we welcomed distinguished guest speakers Cindy Cruz-Rodriguez and Dayana Villagran from General Motors and Simon Ponce from the Cristo Rey Community Center.

Cindy and Dayana shared their incredible journeys to become mechanical engineers at GM as first-generation college students and provided a valuable platform to learn about internships and trajectories to full-time employment.

The Cristo Rey Community Center, guided by the mission of the Catholic Church, stands as a non-profit organization committed to breaking the cycle of poverty and nurturing self-sufficiency among those in need. Simon shared information about comprehensive services available, including food, healthcare and counseling.

In Men About Progress (MAP), participants discussed mental health and wellness with guest speakers JoEl Watson and Jonathan Lawrence. Students learned that self-care isn’t just about a healthy diet and exercise, though those are crucial, too; it’s about taking care of your mental wellbeing.
ODI then celebrated the end of the fall 2023 semester with holiday-themed activities, food and some seriously lively karaoke sessions. The main idea? Give those hardworking LCC students a chance to kick back and unwind after their final exams and, of course, pat them on the back for all the dedication they poured into the semester. But it wasn’t just about unwinding; it was also about forging connections. The event was like a giant mixer, encouraging students to mingle with folks they might not bump into during the regular semester hustle. It was all about ending the fall semester on a high note, leaving everyone with a sense of accomplishment and a few more friends.

In Women Inspiring Scholarship through Empowerment (WISE), our guest speaker, Dr. Carmen Thomas, encouraged students to recognize their weaknesses not as downfalls, but as opportunities to “level up,” like turning stumbling blocks into steppingstones for personal growth.

The students were taught to incorporate visualization techniques for their success, dreams and goals.

ODI engages in holiday community service project

In recognition of the season of giving, students crafted tie-blankets for Lansing’s Homeless Angels. Over 20 students stopped by the Cesar Chavez Learning Center to put together 15 blankets for families in the Lansing area.

A STAR IS HIRED

Check out this monthly section highlighting our newest employees, who were hired last month.

Welcome to LCC Stars, you belong here.

Mack Cornelison
