Definitions

(1) The term “campus” means any building or property owned or controlled by an institution of higher education within the same reasonable contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls. (NOTE: Lansing Community College does not currently have any residence halls.) and property within the same reasonably contiguous geographic area of the institution that is used by the institution but controlled by another person, is used by students, and supports institutional purposes.

(2) The term “non-campus building or property” means any building or property owned or controlled by a student organization recognized by the institution. (NOTE: At this time, there are no off-campus student organizations with facilities recognized by Lansing Community College) and any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational purposes, is used by students, and is not within the same reasonable contiguous geographic area of the institution.

(3) The term “public property” means all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution is used by the institution in direct support of, or in a manner related to the institution’s educational purposes.

ALCOHOLIC BEVERAGES AND ILLEGAL DRUGS

The Police and Public Safety Department strictly enforces State laws and local city ordinances relating to the possession, use and sale of alcoholic beverages and illegal drugs.

SEX OFFENDER REGISTRATION INFORMATION

Information regarding persons who are Registered Sex Offenders in the State of Michigan can be found at the Michigan State Police web site. The web site address is: http://www.mpser.state.mi.us.

Substance Abuse

Penalties

The Federal Government and the State of Michigan decide if and how a drug should be controlled. Prescription drugs psychotherapeutic (medically approved) are categorized as Schedule I through V. Drugs (described below), which tell under what conditions a physician can prescribe the drug. The schedules also include a drug’s known and potential value, its potential for physical or psychological dependence, and the risk to public health. Penalties for the illegal sale or distribution of a drug is established using the following schedules:

Schedule I drugs have a high potential for abuse with no medical use. Production of these drugs is controlled. Examples include heroin, methadone, all hallucinogens (except phencyclidine (PCP), marijuana and hashish. Tetrahydrocannabinol (THC), depending on its form, can also be a Schedule II drug.

Schedule II drugs have a high potential for abuse, but they also have some medical uses. Production of these drugs is also controlled. Examples include opium, morphine, codeine, some other narcotics, barbiturates, cocaine, amphetamines and phencyclidine (PCP). Penalties for selling Schedule I and II drugs vary with the quantity of the drug. Additionally, if death or serious injury is associated with the sale, or if it is a second offense, penalties are more severe. When establishing penalties for sale, marijuana and hashish are separated from this designation according to the schedule. The penalties are similar to those set for Schedule I and II drugs. Federal penalties for first offense sale of small amounts of Schedule I and II drugs is not less than five years and not more than 40 years. In the case of death or serious injury, the penalty is not less than 10 years and not more than life. There is also a fine for the second offense of not more than $2 million for individuals and $25 million for other than individuals.

State penalties for “delivery possession with intent to deliver and manufacture” of less than 25 grams is mandatory one to 10 years, a fine of up to $25,000, or life probation. The penalty for possession of less than 25 grams is up to four years, or a fine of up to $25,000 or both.

Both offenses are felonies. Use of Schedule I and II drugs is a misdemeanor that has a penalty of up to two years, $2,000 fine, or both.

Schedule III, IV and V drugs have some potential for abuse, but less than I and II. The potential for abuse of Schedule IV drugs is less than Schedule III, and Schedule V is less than IV. All drugs in this category have medical uses, and their production is not controlled. Examples include some narcotics, chloral hydrate (IV), barbiturates (III), other depressants (III and IV), amphetamines (III) and other stimulants (III and IV).

Federal penalties for a first offense sale of a Schedule IV drug is not more than five years, and a fine of not more than $250,000 per individual, and $1 million, not individual. The penalty for first offense sale of Schedule IV drugs is not more than three years. The fine is the same as for Schedule III drugs. The penalty for first offense sale of Schedule V drug is not more than one year and a fine of not more than $10,000 per individual or $250,000, not individual.

State penalties for the sale of some Schedule III drugs is a felony and has a penalty of up to seven years, or a fine of up to $10,000, or both. The penalty for the sale of Schedule IV drugs is also a felony and has a penalty of up to four years, or a fine up to $2,000, or both. The sale of Schedule V drugs is a felony too, and has a penalty of up to two years, or a fine up to $2,000, or both.

Campus Safety

HOW TO REPORT A CRIME TO THE POLICE AND PUBLIC SAFETY DEPARTMENT

The Police and Public Safety Department is located on the main campus of Lansing Community College in Room 2003 of the Gateway Vocational-Technical building. The office is staffed 24 hours a day with a dispatcher and can be reached by any main campus telephone by dialing 911 in case of emergencies, or 1800 for non-emergencies. There are yellow emergency call boxes placed around campus that provide direct access to the Police and Public Safety Department emergency 911 lines. From off-campus, the Police and Public Safety Department can be reached by dialing (517) 485-1800.

The Police and Public Safety Department Website site can be accessed at www.lcc.edu/police.

ACCESS TO CAMPUS FACILITIES

During the hours that classes take place in buildings on the main campus, buildings are unlocked either by the Physical Plant Department or the Police and Public Safety Department. If access is needed to a building after class hour, contact the Police and Public Safety Department at (517) 485-1800. Access to campus buildings after hours is restricted. Students are required to have written permission from the College department that oversees the student’s area of instruction.

CAMPUS LAW ENFORCEMENT

The Police and Public Safety Department employs sworn police officers. The police officers are certified by the Michigan Commission on Law Enforcement Standards as law enforcement officers and are sworn deputy sheriffs with full powers of arrest. Our police officers work closely with the area law enforcement agencies, not just around the main campus, but also in each of the locations where the college holds off-campus classes. If a student needs to report a crime at a class location away from the main campus, students can contact the Police and Public Safety Department dispatch center. The dispatcher will ensure that the appropriate law enforcement agency is dispatched to handle the situation.

SAFETY, SECURITY AND CRIME PREVENTION PROGRAMS

The Police and Public Safety Department conducts educational presentations addressing safety, safety and crime prevention on campus as part of student orientation programs. Safety, security and crime prevention presentations can be made to any campus group upon request. Faculty and staff are encouraged to contact the Police and Public Safety Department to have safety, security and crime prevention education done in their office and classroom areas. The Police and Public Safety Department also periodically puts on Rape Awareness Defense (RAD) training.

CRIME STATISTICS

Crime statistics for Lansing Community College are available in a number of ways. These statistics are updated on a daily basis on the Police and Public Safety Web site, which is the official criminal justice report, as well as non-criminal, complaints brought to the attention of the Police and Public Safety Department. A “crime log” as defined by the Clery Act is maintained at the Police and Public Safety Department dispatch center. Additionally, crime statistics are published annually in the college’s brochure, “Your Health and Safety” and in the Police and Public Safety Department’s own brochure.
Drug and Alcohol Regulations at LCC

Lansing Community College subscribes to the national goal of a drug-free society. The LCC Board of Trustees believes that drug abuse education and prevention programs are essential components of a comprehensive strategy to deal with illegal drug use and alcohol abuse by students and employees on college premises or while engaged in college-related activities. Such abuse of drugs and alcohol by students and employees constitutes a grave threat to their well-being and significantly impedes the learning process. Lansing Community College will adopt and implement a program to prevent the unlawful possession, use or distribution of illegal drugs and alcohol by students and employees. This program will incorporate the certification requirements of the Drug-Free Schools and Communities Act of 1989, 20 USC 3171 et seq., and Title III of the Higher Education Act of 1965 (20 USC 1001 et seq) as amended.

Drug-Free WORKPLACE REGULATIONS

In recognition of the serious health risks (1) associated with the illegal use of controlled substances, the abuse of alcohol, and in conformity with the Drug-Free Schools and Communities Act Amendments of 1989 (20 U.S.C. 3171, et seq), the following regulations are effective immediately:

1. Students and employees may not manufacture, distribute, dispense, possess, or use alcohol beverages on college premises.
2. Students, employees and guests may not unlawfully possess, use or distribute controlled substances and alcohol on college premises or while engaged in college activities such as conferences or field trips.
3. No college student activity funds will be used for the purpose of purchasing alcoholic beverages or controlled substances.
4. Being under the influence of any alcohol or controlled substance while on college property or engaged in college activities is prohibited.
5. Students, employees and guests are personally accountable for knowledge of federal, state and local laws relating to alcoholic beverages and controlled substances, the minimum drinking age, transporting open containers of alcoholic beverages, and false representation of age by a minor.
6. As a condition of his or her employment, each employee of the college shall agree to abide by the terms contained within this policy. Violation of any of these terms by college employees may result in disciplinary action, up to and including termination. The college may require satisfactory participation in a substance or alcohol abuse rehabilitation program for an employee who violates any of the prohibitions listed above.
7. As a further condition of his or her employment, each employee of the college shall agree to notify the college of any criminal drug conviction for a violation occurring on college premises while engaged in college activities, no later than five (5) days after such a conviction. Upon receipt of notice of such conviction, the college shall take appropriate disciplinary action within thirty (30) days thereafter.
8. Violation of this regulation by students may result in disciplinary action up to and including exclusion from the college and referral for prosecution. A lack of legal consent or competent relating to a minor is not a defense to a violation of this regulation.
9. Guests on college premises are expected to follow the above requirements. Failure to do so may result in a request to leave college property or college activities.
10. In the interest of providing a safe, healthy and drug-free environment, the college will:

   a. Continue to offer educational programs that support a drug-free campus and work as a normative social value.
   b. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   c. Continue to make referrals to appropriate counselors and/or agencies within the community to help students and employees who may benefit from such counseling.
   d. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   e. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   f. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   g. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   h. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   i. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   j. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   k. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   l. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   m. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   n. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   o. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   p. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   q. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   r. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   s. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   t. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   u. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   v. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   w. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   x. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   y. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.
   z. Continue to offer opportunities for substance abuse counseling and treatment services available to the college community to help students and employees who may benefit from such counseling.

Crime Statistics

Crime statistics for Lansing Community College are available in a number of ways. These statistics are updated on a daily basis in the Public Safety department website web site. This includes all criminal, as well as non-criminal, complaints brought to the attention of the Public Safety Department. A “crime log” as defined by the Clery Act is maintained at the Police and Public Safety Department dispatch center. Additionally, crime statistics are published annually in the College’s catalog, “Your Health and Safety” and in the Police and Public Safety Department’s own brochure.

The following is a summary of the number of persons referred for campus disciplinary action:
