

POLICY TITLE: PROGRAM EFFECTIVENESS

I. Purpose

In order to ensure that the academic programs offered by the college continue to be of the highest possible quality, all programs will engage in a formal process of review designed to assess and enhance program effectiveness.

II. Scope

This policy applies to all courses and academic programs at the College.

III. General

The program review process will be outcomes-based, data-driven, and implemented by the program itself. It will involve identification of quality indicators appropriate to the program, measurable baselines, and measurable progress toward improvement as needed. Reviews will occur on an ongoing, cyclical basis.

IV. Responsibility

The College Vice President of Academic Affairs is responsible for the leadership in preparing the process and procedures to implement this policy.
