## Proposed Changes to Institutional Syllabi Template - Academic Success Coaches Information:

### CURRENT VERSION:

#### Academic Success Coaches

Student success is our top priority here at Lansing Community College. Academic Success Coaches mentor students and help them navigate the college infrastructure and support network. They are focused on helping students successfully complete their educational, personal and career goals.

The Academic Success Coaching Team supports the mission of LCC in collaboration with faculty, staff and community partners. That support consists of assisting students with academic challenges as well as individualized support and advocacy for both on and off-campus difficulties that may negatively affect a student's ability to successfully reach their educational goal.

Students should know that the LCC faculty and staff may refer them to a Success Coach if they recognize that additional mentoring or assistance may be helpful. We view such referrals as part of our mission to ensure all students can reach their potential while here at LCC. Students are also encouraged to contact an Academic Success Coach on their own, should they need help, guidance or assistance with any aspect of their educational process while attending LCC. During such encounters, students will receive proactive individualized coaching, mentoring and encouragement to remain engaged in the successful advancement of their educational goals.

To contact a Success Coach go to: [http://www.lcc.edu/aa/success\\_coaches/](http://www.lcc.edu/aa/success_coaches/) or call (517) 483-1422.
